

## Alaskan Statehood Wins by Big Margin

### Voters Give Approval to Admission

Juneau —(P)— Vast, rugged and beautiful Alaska—slim in population but mighty in size and potential—is going to become the forty-ninth state of the Union.

Alaska voters crowded to the polls in record number yesterday and by a wide margin approved admission of the territory to the Union. With 113 precincts reporting, immediate statehood had received yes votes on 19,880 ballots. Votes against statehood totaled 3,954.

Two other propositions, which must be approved if statehood is to become a fact, also were passing by the same margin. Proposition two on the ballot dealt with acceptance of the present boundaries as boundaries of the new state. Proposition three provides for the transfer of 103,350,000 acres of public land to the new state, and reserves power to the president to make certain military land withdrawals in time of national emergency.

**Feared Higher Taxes**  
The returns included vote totals from heavily populated cities in central and south-eastern Alaska and came from more than one-third of the territory's approximately 297 precincts.

Forecasts on the eve of the election had predicted not much more than a 2-1 margin for statehood.

Most of the opposition to statehood in Alaska had been based on a fear that increased costs of state government would mean a new boost in taxes for the territory's 215,000 residents.

However, the heavy outpouring at the polls was viewed by most observers as an indication that statehood was headed for approval by a wide margin.

"It's a wonderful night," said Interior Secretary Fred A. Seaton, the administration's greatest booster of Alaska.

### Colmer and Winstead Win in Mississippi

Jackson, Miss. —(P)— Rep. William Colmer, dean of Mississippi's congressional delegation, and Rep. Arthur Winstead headed for new terms today, sweeping to easy victories in the Democratic primary.

A constitutional amendment designed to bulwark state segregation laws shared top billing on the ballot yesterday and was adopted by almost a 5-1 margin.

Sen. John Stennis and four other representatives were unopposed.

### Dies After Peanut Is Removed From Throat

Fond du Lac —(P)— A little boy died Tuesday of complications after surgery to remove a peanut from his throat.

Richard Gilbertson, 16 months, was taken to St. Agnes hospital for surgery after he swallowed the peanut Monday. He was the son of Mr. and Mrs. Harold Gilbertson of Fond du Lac.

A Group of Juneau, Alaska, Teenagers talks with Acting Gov. Waino Hendrickson, left, as they wait for the polls to open Tuesday. Alaskans voted for state and congressional officers as well as statehood. The voting age in Alaska is 19.

## Rackets Witness Has Heart Attack

Stricken Few Hours Before He's Scheduled to Testify

Washington —(P)— The senate rackets committee said Robert "Barney" Baker, 300-pound aide to top teamsters union bosses, today suffered a severe heart attack.

The attack came just a few hours before Baker was to have testified in the rackets hearings.

Chairman John L. McClellan (D-Ark.) announced Baker's illness as he opened the hearing.

Robert F. Kennedy, committee counsel, told reporters first reports were that Baker's condition was critical. He was taken to George Washington hospital here.

Kennedy said Baker, son-in-law of former Iowa Democratic State Chairman, Jacob More, was stricken at his hotel shortly before he would have started for the senate office building.

**Envelope Evidence**  
The committee had planned to question Baker and other witnesses about an envelope full of \$100 bills to learn who got the money and what it was used for.

Baker was scheduled for testimony in continuation of the committee's investigation into alleged corruption and terrorism in teamster union affairs.

Baker told the committee last Thursday he could not remember whether he ever had an envelope at the time alleged, a year ago this month. Nor, he said, could he remember whether — if he had it — such an envelope contained \$1,000, or from whom he might have received it.

On one point Baker was firm: "I never got paid no turn to page A13, Col. 4

### Red Artillery Pounds Islands

Nationalist and Communist Naval Craft Exchange Fire

BY SPENCER MOOSA  
Taipei —(P)— Chinese communist artillery pounded Quemoy and its satellite islands today while nationalist and red warships exchanged fire nearby in Amoy bay.

The defense ministry said two nationalist warships sighted two red craft off nationalist-held Tungting island, 17 miles south of Quemoy, and damaged one heavily in the ensuing exchange. This is the island the nationalists say the Reds tried to invade this week.

Red artillery hit Quemoy again tonight after dealing the Tan islets between Quemoy and Tungting their worst pounding in the long vest-pocket war.

**Artillery Battle**  
The defense ministry said the red shelling started at 9:17 p.m. and was answered by nationalist guns on Quemoy. One red artillery position was reported destroyed.

The ministry said the new red fire came from Wutou, on the red mainland 7 1/2 miles northeast of Quemoy. No other details were given of the shelling. It followed daytime gun duels in which the reds rained more than 8,600 rounds on the Quemoy area.

Adm. Liu Hsiang-shan, spokesman for the defense ministry, said there has been a gradual movement southward along the red China coast of a fleet of about 5,000 small craft. He said they included motorized junks from the Chu-an islands about 300 miles north of Formosa.

Such craft, he said, could be used for amphibious purposes but that he would not say they were converging for any invasion of Formosa.

A spokesman for the U.S. Formosa defense command said there is absolutely nothing to indicate any sort of invasion fleet heading for Formosa.

### Mexican President Acting in Strike by University Students

Mexico City —(P)— President Adolfo Ruiz Cortines stepped in last night to seek the end of a 5-day university student strike protesting bus fare increases in Mexico City.

His secretary, Benito Coquet, met with a delegation of about 25 students while another 30,000 demonstrated peacefully in front of the presidential palace.

The students said Coquet asked for a 24-hour truce in the student violence which flared over the weekend into bus burnings and other destruction. Ruiz Cortines will try to solve the dispute during the truce, Coquet reportedly said.

There was no immediate indication whether the students would accede to the request, but the delegation said only one point in the student demands still was pending. It did not specify which one.

The students have asked for government control of the bus system.

### Questions Bring Quick Return of Stolen Cash

Waupaca — A few questions in apparently the right places helped the Marion Motors company recover \$130 reported missing Monday night.

Sheriff Floyd Taylor said he spent Tuesday questioning suspects in Marion and Clintonville.

This morning Marion Motors reported finding the \$130 stuck in the front door.

## Watered Fuel Ends Thefts Of Gasoline

Farmer's Action Helps Break Gang Of Teenage Boys

Waupaca — A farmer's retaliation for theft of gasoline from the pump on his property helped break up a teenage gang operating in and around Clintonville.

The farmer, Kenneth Lyons, of rural Clintonville, had been victimized for several weeks. Monday he filled the gasoline tank with water.

The boys made their usual visit during the night, but when the water worked into the motor of their car, they were stalled in Clintonville.

**Teen-age Gang**  
Sheriff Lloyd Taylor said questioning revealed a dozen teenage boys in the gang and implicated them in several disturbances being investigated, including several break-ins at the Moose lodge building at Clintonville.

He said all of the boys were juveniles except Robert Fox, 18, 84 Thirteenth street, Clintonville. The juveniles have been turned over to juvenile authorities.

Fox was to be arraigned this morning on charges of breaking and entering, securing beer for minors and contributing to the delinquency of minors.

## Hoover to Use His Pension for Public Service

New York —(P)— Former President Herbert Hoover said today he will use his new \$25,000-a-year government pension for public service activities or contributions to charity.

He noted that this was the same as he always had done with compensation derived from government office.

Hailing President Eisenhower's approval of the congressional act providing the pension and other benefits for former presidents, Hoover said:

"My situation differs from other, and probable future, former presidents. America provided me with an education including a profession. I practiced that profession in years when there was no income tax or only a small amount. I was able to save a competence.

"I have considered that I have a great debt to my country for the opportunities it has given me. Therefore, I have made it a practice to devote all personal compensation derived from our government to public service or charity.

"Any residue from this \$25,000 a year, after income taxes resulting from it, will be again devoted to such public purposes . . ."

### Army Fights Sleeping Sickness in Korea

Seoul —(P)— The U.S. Army today, declared war on encephalitis-carrying mosquitoes as the death toll in South Korea's sleeping sickness epidemic hit 458.

A total of 2,322 Koreans have been stricken since the disease started spreading in July. One victim has been reported among the thousands of Americans living in Korea and Japan. She is 4-year-old Myra Davidson, Concord, N.C., in critical condition at Yokosuka, Japan, Naval hospital.

The U.S. Army said it flew a team of experts on the disease here from Japan to try to isolate the virus and determine which breed of mosquito is the carrier.

### Infant Suffocated by Plastic Food Bag

Ellenville, N.Y. —(P)— A 5-month-old boy was suffocated yesterday by his favorite plaything—a plastic food bag.

Mrs. Michael Louis gave the bag to little Michael, Jr., when she tucked him in for his afternoon nap.

Two hours later she found him dead with the bag pulled over his head.

### Correspondent Told To Get Out of Jordan

Amman —(P)— Associated Press Correspondent Reinhold G. Ensz was ordered by the government to leave Jordan today.

Ensz was escorted from the press room at the government press office to the Amman Club hotel to pack his things.

## Ike Will Campaign on Sound Economy Issue

This Is the Largest Piece Remaining of a car which was struck by a train going 70 miles an hour at the crossing on Highway 29 at Bellevue in Brown county Tuesday afternoon. Sidney Knudson, 63, Algoma city attorney, alone in the car, was killed outright.

## Coroner Probes Child's Death by Starvation

News of Boy's Dying Withheld Until Rumors Alert Police; Father Held for Questioning

Clintonville — The Waupaca county coroner's office today is investigating the death by starvation of the 10-month-old son of Mr. and Mrs. Robert Karl, N. 12th street.

The child died about 9 o'clock last Wednesday night, but news of its death was withheld pending investigation by Dr. William Arnold, who was deputized by Dr. Sam Salan, county coroner. The child was buried Friday.

Word of the death came to the attention of Police Chief Len Manser through rumors circulating Monday.

His investigation revealed the death certificate attributed death to starvation or malnutrition.

Dr. Salan said this morning Karl was brought to Waupaca Tuesday afternoon and is being held for questioning. No charge has been brought against him, Sheriff Floyd Taylor said.

The Karls have six other children. The father was employed at Four Wheel Drive Auto company, but had been laid off. He was working part time in a canning factory and on construction work.

Miss Martha Ann Heigel, county nurse, and a county welfare worker are in the city today completing the investigation.

### Offer to Settle N. Division Case. Rejected by Board

The board of public works Tuesday rejected an offer to settle the N. Division special assessments fight without going to arbitration.

A letter stating the board position was ordered forwarded to Franklin Nehs, attorney for nine property owners who brought suit in circuit court. Arbitration was suggested by Judge Andrew W. Parnell and agreed to by City Atty. Don J. Jury and Nehs last January. The two attorneys have not yet named arbitrators.

Nehs explained last week his clients thought the works board, changed in membership since April, might have a different attitude now about charges for widening and reconstructing the street last year.

### Research Rocket Fired in Florida

Cape Canaveral, Fla. —(P)— Another advanced research rocket has been fired from the cape to investigate radiation in the earth's atmosphere.

The rocket, a 5-stage missile fired under the auspices of the national advisory committee for aeronautics, blazed aloft late last night and disappeared high in the sky in seconds.

Air force officials announced later the fiery rocket was launched to provide basis information on the radiation phenomena and other projects, including manned space travel.

### Divorcee's Story Changes Course Of Inquiry Into Kierdorf Death

Pontiac, Mich. —(P)— A divorcee's implication of her former husband, a teamsters union official, put the investigation of the mysterious Frank Kierdorf homicide on a new track today.

Authorities, claiming Harrelson, 68, former teamsters business agent now unemployed woman in custody after \$15,000 bond in another facet of the case, was picked up last night for further questioning.

Frank, 56, a teamsters business agent and former husband of the victim, died Aug. 7 of burns from head to foot which police said he suffered in burning home.

On his deathbed, Frank said he was lured from his home and deliberately set him on fire.

Indicating confidence in Mrs. Harrelson's story, Adams said today.

The Harrelsons, divorced in 1952 on Mrs. Harrelson's charge of cruelty, have shared the same home since in deference to a son, Leann, Jr., now 21, police said.

Placed in custody along with Herman Kierdorf for investigation of arson was 28-year-old Mrs. Mary Ann Thon, divorcee and friend of Harrelson. Mrs. Thon also is a waitress. She and Mrs. Harrelson work at different places.

Police did not indicate any direct connection between Mrs. Thon's detention and Frank Kierdorf's death.

Police said Harrelson and Mrs. Thon, who were held overnight, would be questioned today.

## Plans to Stress Need for Cutting Deficits; Hints Slowdown on Integration

Washington —(P)— President Eisenhower said today he will campaign for a Republican congress this year on the issue of reducing the government's deficits.

He told his news conference he is going to stress in campaign talks the necessity for cutting the deficit and putting the economy on a sound, healthy basis.

The president gave no indication of how much campaigning he expects to do. He said he had not promised, for instance, to campaign in New York.

As a preliminary to voicing his own views on reduction in red ink spending, Eisenhower said he is going to study every major item of a forthcoming governmental budget to see if it can be cut for the benefit of America.

In response to a question, he said he had no comment at the moment on the possibility of a tax increase.

The denial that he has made any speaking commitments was made in a discussion of the New York campaign. Eisenhower said the New York state convention's choice of Nelson Rockefeller as the GOP candidate for governor and of Rep. Kenneth B. Keating as the nominee for senator gave the party a fine ticket that he hopes is elected.

Eisenhower dealt with these other subjects in the wide-ranging news conference:

### Communist Attacks

He said he may have told friends he believes the efforts to push school integration should be slowed down. But he denied he has said he wishes the 1954 supreme court ruling against segregation had not been made.

At the same time Eisenhower made plain the government would accept the high court's invitation to take part in tomorrow's supreme court session on the Little Rock integration case.

The offshore islands held by the Chinese nationalists—lands which in the last week or so have been under heavy attack by communist China—have taken on increased importance to the United States in over-all strategy dealing with defense of Formosa.

However, Eisenhower once again refused to say whether the United States would consider a red invasion of Quemoy, Matsu and other offshore islands a matter for U.S. intervention.

Discussing the increased importance of the islands, Eisenhower said nationalist China now has deployed about one-third of its military forces there.

Previously, he said, those islands were regarded largely as an outpost.

**Praises Congress**  
Eisenhower said he wants another week or ten days before coming up with a final appraisal of the record of the recently adjourned Democratic-controlled congress.

He did say, however, that he believes congress did a constructive job in the foreign relations field. He qualified that by adding that he was greatly disappointed that the legislators gave him less money for the foreign aid program than he requested.

**Wisdom Necessary**  
Rogers, in a speech at the general assembly of the American Bar association, referred only inferentially to the use of federal troops in Little Rock last year to back up a desegregation order in Central High school.

Since states are capable of maintaining law and order, Rogers said, "no further occasion need arise — none should be permitted to arise — which would require the federal government to act to support and insure the carrying out of a final decision of a federal court."

Rogers said state officials "must exercise wisdom and foresight to prevent violence and defiance of court decrees."

"Our nation pays a heavy price for such disorder both at home and abroad — particularly when it is the product of an attempt to deny fellow American citizens rights duly determined by the courts."

### 2 Electrocuted Near Ladysmith

Ladysmith —(P)— Two power company employees were electrocuted Tuesday when the boom on their tractor came into contact with a 3,200-volt power line as they were clearing away brush.

Killed were Russell Fabricius, 18, and Arthur Gourdoux, 30, who leaves a widow and four daughters. Employees of the Lake Superior Power Co., they were both residents of Ladysmith.

Three other members of the crew pulled Fabricius and Gourdoux off the machine and applied artificial respiration without results. A rescue squad also failed to revive them.

The accident happened in the City View subdivision two miles southeast of Ladysmith.

# Platz Given Transcript on Skenandore

Madison —(P)— A transcript of recent hearings at Green Bay on petitions for removal of Brown County Sheriff Artley Skenandore was turned over to an assistant attorney general Tuesday.

Gov. Vernon Thomson, who received the bulky transcript from a court reporter, promptly turned it over to William Platz. The governor said he asked Platz to check "certain questions of law that had been bothering him."

Thomson said he had not yet received written recommendations from retired Circuit Judge Herman W. Sachtjen of Madison who conducted the hearings. Sachtjen said earlier both he and John Potter, a Wisconsin Rapids attorney who assisted him, would submit written reports to the governor.

The hearings, ordered by the governor, followed filing of petitions by Francis Leanna, Brown county supervisor, and Mary Ann Sanderson of Green Bay.

Mrs. Sanderson owned the Clipper Inn near Green Bay which was padlocked after she was convicted twice for

City Receives \$8,096 More in State Local Street Maintenance Aid

The city Tuesday received a final 1958 payment from the state for maintenance of local streets, bringing the total for the year to \$246,502.62, an increase of \$8,096.29 over last year, Treasurer Ray L. Feuerstein said.

The money is paid from state taxes on auto licenses, gasoline and the like.

**Lawrence Says:  
Wealth Not  
Handicap for  
Politician Now  
Both Rockefeller,  
Harriman Come From  
Rich Families**

**BY DAVID LAWRENCE**  
Washington — There was a time in American politics when a rich man found his wealth a handicap to candidacy for high office. But it isn't true today. In New York state, for example, Nelson A. Rockefeller has just won the Republican nomination for governor and will oppose Gov. Averell Harriman, Democrat. Both come from wealthy families.

Oddly enough, the advantages of the rich man as a candidate are now pointed to as being distinctly of benefit to the electorate. This follows the reasoning of the late President Theodore Roosevelt, who once wrote a magazine article in which he said that, unless a man had accumulated an estate of \$100,000 — so that his income would make him independent of his salary — he would not make as successful a public servant as one who possessed that particular advantage.

The theory is that the rich man will resist temptations in the performance of his public office, because he has already accumulated enough wealth that he doesn't have to think of what he will do

once he leaves office. Hence his point of view is likely to be more closely attuned to the public welfare.

Men of wealth have often entered into politics, but in recent years the men of riches in public life have been largely those who have inherited wealth. There is no doubt that money-making itself has no lure for Mr. Rockefeller or for Gov. Harriman. They find a greater satisfaction in endeavoring to perform a public service for their fellow men.

More interesting perhaps than the wealth of these two gubernatorial candidates is their ancestry. Gov. Harriman's father, the late E. H. Harriman, was the railroad king of America and a national and international figure in finance in the 1890's and early 1900's. Although he never ran for or held public office, he was highly influential in the Republican party during the administrations of McKinley and Theodore Roosevelt.

Mr. Harriman was among those later to be denounced by President Roosevelt as "malefactors of great wealth." In 1904, even though Mr. Harriman mistrusted Mr. Roosevelt as the party nominee, the railroad magnate contributed heavily to the Republican presidential campaign.

**Noted Senator**  
The grandfather of Nelson Aldrich Rockefeller on his mother's side was the noted senator from Rhode Island, Nelson Aldrich, longtime Republican leader and boss of the senate. He was conspicuous as sponsor of monetary legislation, and headed the national monetary commission whose report to congress in 1912 was later embodied in modified form in a law which established the present federal reserve system. Sen. Aldrich was one of the ablest congressional leaders in history, roundly denounced by the progressive Republicans as a tyrant and despot for his tactics in getting legislation through the senate.

On his father's side, Nelson Rockefeller's grandfather amassed — through an oil monopoly later broken up under the antitrust laws — perhaps the largest fortune of those times. Nearly all of it was subsequently distributed in one form or another to charity and philanthropic foundations by Nelson's father, John D. Rockefeller, Jr.

The grandson of Sen. Aldrich inherited a natural interest in public affairs. Only 50 years old, Mr. Rockefeller has spent most of his adult years in public service. He was coordinator of inter-American affairs under the late President Franklin D. Roosevelt, and then was appointed assistant secretary of state in charge of Latin American affairs.

**On Advisory Board**  
He served under President Truman as chairman of the advisory board on the Point Four program. In the Eisenhower administration, he has been under secretary of the department of health, education and welfare, and special assistant to the president on foreign policy. He has served also on commissions to study reorganization of the government and of the defense department.

Gov. Harriman left the Republican party in 1928 and joined the New Deal in 1934 as an administrative officer of NRA. He went on to serve Presidents Roosevelt and Truman as ambassador to Great Britain, ambassador to the Soviet Union, secretary of commerce, foreign-policy adviser and foreign-aid director.

Wealth by itself will have little bearing on the choice of candidates for public office. Integrity is all-important, irrespective of riches. People are mostly interested in the point of view of the candidates and what they will do if elected.

Flicker of Hope

The conclusion reached by a group of scientists from the United States, the Soviet Union and six other countries that it is feasible to set up a worldwide inspection system to police a ban on nuclear arms testing has brought about a new flurry of diplomatic activity which might actually bring about such a ban.

Until the scientists got together at Geneva with a determination to unearth the facts without being influenced by political or ideological emotionalism there had been a growing conviction that such an inspection system was no longer possible. Indeed many of the world's leading scientists had stated that because of improvements in testing techniques we had passed the "point of no return" beyond which any international system of nuclear control was beyond mankind's reach.

The United States, under both the Truman and Eisenhower administrations, has insisted on a foolproof inspection system as a prerequisite of any agreement with the communist powers on disarmament of any kind, nuclear or conventional. Despite occasional bleats from trusting innocents such as Adlai Stevenson and Sir Bertrand Russell, the free world's leadership has stanchly held to this obviously necessary check on any pact we might enter into with the liars and cutthroats who run things in the other part of the world.

Thus until the Geneva meeting of the scientists a deadlock seemed to have developed from which mankind could be freed only by some miraculous eruption of good will or a catastrophic war. But now that we are told that an inspection system can be set up, we can once more negotiate with our enemies, since we are led to believe that we can check on their performance under a pact.

There are, of course, many other factors that must be considered, and we assume the president and his advisers have studied these carefully. A ban on testing, by itself, really means very little since each side could continue to develop

ever more terrible weapons and store them for future use even if it could not test them. Thus our government's insistence that the Russians promise to negotiate in the area of weapons production, as a prerequisite to a test ban, is eminently sensible. To go ahead with a test ban without this assurance would be to cruelly deceive our own people and the people of other nations — including the communist ones — as well.

In addition to weapons production there are the bombs and missiles already manufactured and in storage or at the launching pits. While military secrecy shrouds the numbers and strength of these weapons on both sides it is generally conceded that were they all fired in a general war with reasonable accuracy and effect, little would be left of the human race or at least of what we call civilization. Thus even if we manage to work out both a test ban and a prohibition or limitation of nuclear arms production, the terror will still be with us.

And, of course, no international agreement, no disarmament plan no matter how self-enforcing can guard against the development of new weapons. As Edward Teller has pointed out, it is impossible to devise an inspection or control system against weapons which no mind has yet conceived.

Thus while the scientists' report offers a flicker of hope for mankind, it is a flicker and no more. For wars do not occur because of the existence or non-existence of any particular kind of weapon; they occur because of hate and bigotry and selfishness and stupidity in the hearts and minds of men. Yet we must follow this flicker of hope simply because it is presently the only one on the horizon; the alternatives are so terrible that we must follow any will o' the wisp that just might lead Man a little farther along the road to that revolution in political and social thinking which must come some day if we are not to destroy ourselves.

The Illinois Toll Road

The completed first section of the multi-million dollar Illinois toll road system is relatively remote for most highway users in this section of Wisconsin, but it is of general consequence to Wisconsin to the extent that it makes this state more accessible to the great population centers of mid-America and the East.

The completion of the northwest segment of the Illinois toll road means that there is placed in service the last link of a toll expressway system reaching from the distant Atlantic coast to the border of our state.

The terminus of the newly dedicated link is near Beloit, on the south central Wisconsin border, but another segment to be built will provide more direct and efficient service for travelers to Milwaukee and will connect with the new Interstate highway now under construction in Milwaukee, Racine and Kenosha counties.

That will have a direct economic relation to the interests of business and residents of this valley, providing safer and more comfortable travel into the Chicago metropolis, at a measurable saving in time. Valley manufacturers and truckers, among others can anticipate such savings as distinct financial gains.

The President and the 85th Congress

The record of the Eighty-fifth Congress will give small comfort to those who hope to repeal the Twenty-second amendment to the Constitution limiting the terms a president may serve. The chief argument for this change has been that the president in his final term, with no prospect of reelection, would be handicapped in dealing with Congress.

During the past few months the people have had an opportunity to observe President Eisenhower dealing successfully with a Congress despite a majority of Democrats in both houses. The president is in his final term of office. He is the first president to come under the constitutional ban on a third term.

Over and over during the past few weeks one or the other branch of Congress has attempted to push through legislation contrary to the recommendation of the president only to find itself forced back into line. The farm bill, the social security amendments and the mutual aid appropriations are examples of the president's successful direction of his legislative program.

Not Fair for States to Erect Trade Barriers for Products

Minnesota state officials have spent or are in the process of spending about \$30,000 to fight for removal of trade barriers erected by other states, stopping the free marketing of Minnesota milk products along the Atlantic seaboard and the Gulf of Mexico. They are up in arms against these artificial restrictions, which it is alleged, are set up to favor use of milk produced in those localities. However, almost nothing is being done or advocated

about removing a trade barrier erected many years ago by Minnesota against a product competitive with milk, namely oleomargarine. Minnesota has strict laws banning the sale of colored oleo in the state (unless it be colored purple or green or some such non-yellow color), and also imposes a 10-cent-a-pound tax on so-called vegetable oleo, a main ingredient of which is soybean oil, also a Minnesota product. Only Wisconsin and Minnesota now have such bans on oleo. In areas adjacent to the borders of these states, oleo

Nations Can Approach Radiation Issue in Same Spirit as UN Group

From the Toledo Blade  
The United Nations scientific committee on the effects of atomic radiation has made a useful contribution to a pressing world problem by its report concluding unanimously that fallout from nuclear weapons tests is a hazard to mankind. "Even the smallest amounts of radiation," the committee said, "are liable to cause deleterious genetic, and perhaps also somatic effects"—in other words, effects injurious to future generations and to today's health.

Honest State Government Can Cost Less

From The Wisconsin Tax News  
Criticism of the tax structure from time to time may obscure the fact that Wisconsin is not devoid of attractions and advantages to industry. But for the most part the plus factors are not the products of state and local government, nor are they enough to keep Wisconsin in step where interstate competition for industrial development is concerned.

unanimity but because of its objectivity, indicated by the fact that it was received approvingly by both proponents and opponents of atomic weapons testing; for example, the U.S. Atomic Energy Commission on the one hand, and the National Committee for a Sane Nuclear Policy on the other. Members of the 15-nation group achieved this feat by confining themselves as much as possible to scientific questions, avoiding in the process a Soviet-sponsored proposal that they recommend an "immediate cessation" of tests.

Looking Backward

College Land Controversy Settled

79 YEARS AGO  
Quoted from the Appleton Crescent for the week of Aug. 20, 1879.  
It will gratify all Appletonians to hear that the litigation in regard to the land formerly owned by the College, opposite the building, have finally resulted in a complete and satisfactory settlement.

supplied some of the objectivity that is needed in the analysis of the nonscientific aspects of the testing issue. In noting the hazard to man from various sources, the committee acknowledged the relatively greater harm from natural radiation than from artificial. Addressing itself to the artificial sources, it pointed to the dangers from medical and industrial radiation. But it observed that these affect only a part of the population are for beneficial purposes, and are subject to the control of the exposed persons. On the other hand, it said, fallout irradiates the whole world population and is beyond the control of the exposed individual.

August record for the state—108—was recorded.

Under the Capital Dome  
Reasons for Picking Candidates Changing

BY JOHN WYNGAARD  
Madison — Milo Singler, second-time candidate for congressman as a Democrat in the Eighth district, has been described as the only "dirt farmer" running for high office in Wisconsin this year.

There is little of that surviving in the state today, although some politicians who got their training earlier sometimes talk about it. Recent state tickets have violated most of those rules. The religious composition of recent party tickets, for one example, has defied all of the old traditions and assumptions. (A part of the explanation for the latter is that composition of the parties has changed, for a variety of reasons, but the significant fact is that party leaders have paid little heed to the old identification rules.) As for geographical considerations, the paucity of leading candidates from Milwaukee tells its story. Milwaukee hasn't had a U. S. senator in more than four decades, only two governors in thirty years. Given the county's size, it would have had more if parties picked purely at random.

What is more provocative is the fact that in this state, which only a generation ago was virtually dominated by the agricultural interest, there is only one lone farmer on the ballot for a significant political office this year. It is an obvious commentary on the steady drift toward urbanization of Wisconsin, certified each time new population statistics are published. It is no longer necessary or even advisable for political parties to recruit farmers, and it is no longer possible for a candidate with any hope of success to list his farming occupation as a relevant factor in his qualifications for high place.

No Lagging Apparent in Red Economy

From the Hartford Courant  
Last April, the Kremlin, worrying over the lag in some corners of its industrial empire, ordered factory managers to look to their quotas and fill them or face criminal charges. The primary objective was to get industrial goods into those areas where workers were idling. At the same time, the order would tend to keep a flame under the whole industrial complex, including the economic councils and ministries. Well, the warning was apparently heeded. For the latest Soviet plan-fulfillment report, a six-months study recently published in Pravda, shows that industrial output is brighter than it was in 1957 — which was not a slack year in the USSR.

GRIN AND BEAR IT

There are, to be sure, vast gaps in home building in the Soviet Union, as there are in agriculture. But Soviet vigor, prodded by Nikita Khrushchev's variety of state-socialism, is making the Russian country side hum. The Soviet premier's political experiments, like his economic councils, might have shaken the economy somewhat. But industrially the Soviet Union continues strong. Furthermore the Kremlin is aware of its food problems and need for broadening consumer supplies. Investments in the food industry have risen substantially. Thus while food problems still harass the Kremlin, this latest plan-fulfillment report shows that the Soviet government is determined to bring Russian living standards in line with those of the western world.

# Newly Styled Lines, Rich Materials Give Exquisite Look to Fall Finery

The short evening dress, far left photo, is an example of the new styles and rich materials used in this year's fall fashions. It is in sky blue silk with a 'corbeille' decollettee and a barrel-shaped skirt. The model is Denise, the designer is Yves Saint Laurent and the creation is in the fall-winter collection presented at the Dior fashion house, Paris. Laurent also designed the 'Grand Vizir', near left photo, which is a short evening sack dress in gold and Sienna brocaded lame silk. In the lower photos are a long coat of checkered black and white woolen material with a high-waisted belt, left. It is from the autumn-winter collection of Paris fashion designer, Jacques Griffe. This 'Rastignac' coat is modeled by Ingrid. One of the latest Paris fashions is the cocktail coat, middle, in faconne pink lame. It has a fake bolero and slender princess lines. The designer is Manguin. Laurent has developed a dress and short jacket in 'Hussard' blue woolen material, right. It is trimmed with black mink.

Balmain Has Designed Another of his famous ball gowns to show in his autumn-winter Paris collection, upper photo. It is in lynx-printed tulle with a band of lynx fur trimming the strapless top, dipping deeply in the back. A bunch of diamond violets calls attention to the gown's slightly higher waistline, which is emphasized by the tight cross drape of the material. The skirt falls into the new modified sweep in the back.

## Three Young Fox Cities Women Honored at Pre-Nuptial Events

Miss Mary Lee Griesbach, bride-elect of Joseph Vander Zanden, Little Chute, has been honored at four pre-nuptial parties. The daughter of Mr. and Mrs. Oscar Griesbach, 209 N. Mason street, will repeat vows at 10 o'clock Sept. 1 at St. Joseph Catholic church.

A miscellaneous shower was held in conjunction with a brunch July 26 when 14 gathered at the home of Mrs. Ray Hopfensperger, 1608 N. Harriman street. Mrs. William Stuckert, Eau Claire, was hostess at the party given at her mother's home.

A 1 o'clock luncheon was given July 27 by three aunts of the bride-elect at the Oshkosh residence of Mrs. Herman Youngwirth. Assisting were Miss Isabelle and Miss Helen Glasnap, both of Appleton. Prizes were awarded in

court whist engaged in by 9 guests.

Furnishings for the bathroom were presented to the young woman at an Aug. 13 shower. Mrs. Charles Shannon, 741 Carver lane, Menasha, was assisted by Mrs. Del Bradford, Appleton, in entertaining seven guests.

Twenty-four were present Aug. 21 for a miscellaneous shower given by the bridegroom's mother, Mrs. Minnie Vander Zanden, Little Chute. The party was held at the home of Mrs. Clement Vander Zanden, 514 E. Harding avenue, sister-in-law of the prospective bridegroom.

Miss June Kringel, Hortonville, who will be wed to Lawrence E. Laux, son of Mr. and Mrs. Joseph Laux, 409 N. Locust street, has been feted at

a miscellaneous bridal shower.

The young woman, daughter of Mr. and Mrs. John Kringel, Hortonville, will be claimed in marriage at 6 o'clock Saturday evening at Bethlehem Lutheran church, Hortonville.

Hostesses for the party held Aug. 19 at the Kringel home were the Misses Ann Lutz, route 2, Hortonville, Marguerite Nelson, Hortonville, and Mary Jane Kietzmann, route 2, Hortonville.

A mock wedding ceremony highlighted the miscellaneous shower given Aug. 15 for Miss Violet Felton, daughter of Mr. and Mrs. Joseph Felton, route 2, Black Creek. She will be wed to Shelby Braun, son of Mr. and Mrs. Kenneth Braun, route 4, Appleton, in Sept. 13 rites.

Entertaining in the young woman's honor was Miss Judith Henning, route 2, Black Creek. Party game prizes went to Miss Felton, Miss Judy Stingle, route 2, Black Creek, and Miss Donna Burgan, Appleton.

**Allergy-Free Cosmetics**

A teen-in-distress writes: "Help! Help! Help! I am allergic to make-up and it is ruining my life. I can't even use lipstick without breaking out. Did you ever hear of anything so revolting?"

For this miss and the many more with the same problem, there is a three-part answer: Have hope! Cosmetic allergies often disappear with medicinal treatment and/or passing birthdays.

Be calm! Allergies respond not one wit to tears, tempests or jitters. Stress, in fact, worsens allergies.

Try hypo-allergenic cosmetics! For most of the allergy-prone, they prove non-irritating. And their flattery equals that of regular cosmetics. But to play safe, ask your doctor's advice about brands.

Now will you cheer up and smile! For come-hither, no amount of lipstick beats a smile. If you don't believe me, just ask the nearest tall-dark-and-handsome!

**Alvin Friemarks Celebrate Date of 50th Anniversary**

Mr. and Mrs. Alvin Friemark entertained at a dinner on Sunday in observance of their 50th wedding anniversary.

**Farm Girls Say No to Sack Dress**

Des Moines — (AP) — The "sack" might look fine as a feed bag, but Iowa farm girls don't think it looks nice on them.

Very few sack dresses were entered in girls 4-H club competition at the Iowa State fair in progress here. In fact, reports Esther Whetstone, state 4-H leader, the girls were discouraged from making the sack.

Another dressmaking note: Miss Whetstone imparts is that feed sacks are poor material and not adaptable to modern farm living.

**BDM Children Wind Up Golf Program for Year**

Children at Butte des Morts Golf club wound up golfing activities for the season Tuesday. Trophies were awarded in 3-hole, 5-hole and 9-hole play.

Mrs. W. S. Gillette was the day's chairman. She was assisted by the Mmes. R. W. Martinek, E. S. Pfeiffer, J. W. Van Rooy, J. G. Russo, F. H. Jenkins, H. J. Lhost, J. H. Goehler, K. P. Baldwin and H. J. Crabb.

Linda and John Lhost took trophies for 3-hole play, with Nancy Techlin as runnerup. Trudy Theiss and Jim Van Rooy won the 5-hole, with Giavonna Russo and Scott Brauer as runnersup. Tim Ward, Bob Kreiling and Greg Russo and Kay Gillette were finalists in 9 hole play, with Sharon Martinek as runnerup.

In driving competition, scorers were John and Linda Lhost, 3-hole, Jim Van Rooy and Libby Francis, 5-hole; and Bob Ruechel and Kay Gillette, 9-hole.

Approaches were sunk by John Lhost and Barbara Scherzinger in 3-hole play, Jim Van Rooy and Trudy Theiss in 5-hole play, and Jeff Martin and Ellen Larson, 9-hole play.

Winners of the putting contest were Steve Van Rooy and Barbara Scherzinger, 3-hole, Bob Martin and Trudy Theiss, 5-hole, and Tim Ward and Vicki Francis and Sue Ward, 9-hole.

# Blue Shield Selected for City Workers

Blue Shield of Wisconsin was selected Tuesday to furnish hospital, surgical and medical benefits to city employees starting Oct. 1.

The selection was made by the board of public works and will be voted upon by the city council next Wednesday night.

About 240 city employees participate in the present program offered by Blue Shield and Blue Cross. The city pays half the monthly premium cost of \$4.11 for single individuals and \$11.80 for family participants.

Blue Shield would furnish the same surgical and medical benefits and expanded hospital benefits at the same rates.

**Split Feb. 1**

Blue Cross offered to furnish the coverage for \$4.66 for single and \$13.32 for family employees.

The two insurance companies sold through Blue Cross salesmen until last Feb. 1 when they split over contract renewal.

Salesmen for both companies talked with the works board at length.

Sunday Afternoon 'Face Nation' Slates Gov. Faubus Interview

BY JINGO Arkansas Gov. Orville Faubus will be interviewed at 4:30 Sunday afternoon on WBAY-TV's "Face the Nation" program. "College News Conference" will be host to Thurgood Marshall, chief counsel for the National Association for the Advancement of Colored People at 12:30 Sunday afternoon on WFRV-TV. Kent Taylor, Jan Merlin and Peter Whitney have been cast in "Rough Riders," an adventure series which debuts Oct. 2 on WFRV-TV.

Frank Conroy and Mary Sinclair are additions to the cast of "The Wound Within," a play about Sigmund Freud, which WBAY-TV will present at 9 o'clock Wednesday night, Sept. 10. Farley Granger previously was announced as player of the title role. When the new hour-long Garry Moore show bows on WBAY-TV on Tuesday nights, "State Trooper" will be moved to Friday nights at 9 to alternate with "Death Valley Days." WBAY-TV's Bob Houle will moderate this year's "Quarterback Club" Tuesday nights at 10:30 starting Sept. 23. Same station has set a September start for its Sunday afternoon bowling feature, "Northeastern Wisconsin Championship Bowling." WGN radio will broadcast eight football games this fall involving Big Ten teams. The opener, Michigan - Michigan State, comes Oct. 4. Wisconsin-Illinois is set Nov. 15. Hal Roach Studios, which has only "The Gale Storm" Show in production now, will make five new TV series for network or syndication sales. They are "The Veil," starring Boris Karloff, "The Guy Madison Show," an adventure series without ponies, "Landmark," "Man of Action" and "Cavalry Surgeon." The civil aeronautics board has the TV networks under fire for permitting those free plugs for airlines that transport show personnel free. CAB rules permit it under carefully specified conditions, but the networks haven't been playing the game right. Gary Crosby will be Eddie Fisher's first guest of the new season Sept. 30 over NBC-TV. After all the ballyhoo about upcoming Shirley Temple stories, comes now word Shirley's sponsor still hasn't

scribed the dotted line. The series may be kaput. Bob Hope now is trying to cast Janis Paige for his "Roberta" spectacular. Robert Wagner and Jeffry Hunter have guest shots in the Pat Boone-Gary Crosby - Tommy Sands picture "Mardi Gras."

Sir Laurence Olivier and Alec Guinness reportedly are ready to star in separate "Shows of the Month" this season. The James Mason TV series, "The Third Man," will be offered for syndication around the country. Rory Calhoun's "The Texan" bows on WBAY-TV Sept. 6. Set for guest star spots in various episodes are Charles

# 'Mature' Youngster Pays Adult Prices, Wants to See Adult Films

BY ANN LANDERS  
DEAR ANN LANDERS:  
Please tell me why it is that as soon as kids are 13 years of age they have to pay full price to get into a movie but they can't get in to see certain pictures?  
I'm 13 and I understand everything there is to know Ann Landers about life. If the movie owners think we are such babies that we can't see certain pictures why do they charge us adult prices to get in?  
I don't mind paying adult prices, but I think it's dumb not to let teenagers in to see anything on the screen. Am I right?—J.M.M.C.C.

emotional maturity to see "everything there is to see on the screen" without getting all shook up. Humans must live through a great many experiences before they understand what the experiences mean.  
Much in the movies is just make-believe. What may seem to a 13-year-old to be perfectly O.K. because the girl on the screen got away with it, may not work out at all in real life.  
I advise all teenagers to respect the "adult only" signs. When you borrow your mother's shoes and get in anyway, you don't hurt the theatre owner—you hurt yourself.  
DEAR ANN: I hear a great deal about neighborhood pests (female variety) who come calling in the morning and disrupt the working schedules of women who like to get their homes straightened around early.  
It never fails—these "visitors" walk out of their own homes leaving unmade beds, unwashed dishes and laundry in piles, and then they prevent others from doing their work. I solved the problem this way:  
I had two signs made. I hung one on the front door and one on the back. The

signs read as follows: "Yes, I am at home doing my work. Why aren't you?"  
I hope you will print this, Ann. It worked wonders for me.—B.  
DEAR ANN: A certain name that is much in the headlines these days is identical to the name of my husband's brother. This is very embarrassing as certain people in town have been passing the word around that we are related to this individual.  
Shall we take a small ad in the newspaper and let it be known that we are not related? We'll wait to hear what you have to say.—THE A.G. FAMILY  
It pays to advertise and I hate to knock out linage for any paper, but I do not recommend this sort of advertising.  
Those who know you well are aware that you are not related. The others couldn't care less. Why draw attention to yourselves? It would merely lead many people to suspect that perhaps the guy is a fourth cousin and you're trying to cover up.

## Is "iron-hungry blood" making you only "half" a woman?

## Statehood for Alaska Wins By Big Margin

CONTINUED FROM PAGE 1  
kan statehood. Seaton was in Juneau for the vote tabulation last night.  
The voting was so heavy at many precincts that the supply of official election ballots was exhausted before the polls closed.  
Airplanes were pressed into service to carry new supplies of ballots to some precincts. At others, sample election ballots were put into official use to meet the voter demand.  
Included in the heavy turnout at the polls were 19 and 20-year-old Alaskans voting for the first time. The voting age in Alaska was lowered from 21 under terms of the constitution of the proposed new state.  
The special statehood voting was paired with a primary election to nominate candidates for the first state offices.  
For the first time, Alaskans were voting for candidates seeking two seats in the U.S. Senate, one seat in the U.S. House, for governor and for secretary of state.  
If statehood is approved, the candidates nominated in the primary will stand for election in balloting Nov. 25.  
After the general election results have been certified in November, the president will issue a proclamation creating the new state. The proclamation is expected in late December or early January.  
Democratic and Republican candidates for the U.S. senate were nominated yesterday without opposition.  
In the November voting, Democrats E.L. Bartlett and Ernest Gruening, both of Juneau, will face Republicans R. E. Robertson, Juneau, and Mike Stepanovich, Fairbanks.  
Former Governors Gruening and Stepanovich are former appointed governors of Alaska. Bartlett has served 14 years in congress as Alaska's non-voting delegate. Robertson is a Juneau lawyer.  
Other Republican candidates for state and national office also were nominated without opposition.  
The GOP gubernatorial candidate will be John Butrovich, Jr., of Fairbanks, a veteran territorial senator. His running mate as secretary of state will be Karl Dewey of Juneau, former territorial tax commissioner. Henry Benson of Juneau, present Alaska commissioner of labor, was unopposed for the Republican congressional nomination.  
Three Democratic candidates were seeking their party's nomination to the governor's race, with William Egan of Valdez holding the early edge. He was expected to win

A Newly Born Baby Boy Found Tuesday night in a cardboard box on the porch of St. Stephen's convent in Milwaukee sleeps contentedly in a bed at Milwaukee County Emergency hospital today. A note in the box read: "Born 8-26-58 at 8:30 p.m. Please take good care, I am unable to." The infant was in good condition.

## Rackets Witness Has Heart Attack

CONTINUED FROM PAGE 1  
\$1,000" to arrange labor peace between the teamsters union and the Esco Motor Exhibitors Service Co., of McKees Rocks, Pa.  
The committee announced it also would call as witnesses George F. Callahan, Jr., Esco president, and Edward Weinheimer, a labor consultant to the firm.  
Owners of a Des Moines, Iowa, motor court had testified Weinheimer and Baker were guests at their place a year ago, that Weinheimer received three white envelopes by express, and that soon afterward Baker drew a \$100 bill from a currency filled envelope that looked just like one of those Weinheimer had received. They said Baker used the money to pay his bill.  
Away from Capitol Hill, a dispute was building up between two groups created to help cleanse corruption from the teamsters union. One is a court appointed board of monitors; the other a group created by the union's president, James R. Hoffa. Former Republican Sen. George H. Bender of Ohio heads the group set up by Hoffa.  
Monitors spokesmen told a reporter they plan to seek a meeting next week with U. S. District Judge F. Dickinson Letts to protest against what they call Hoffa's outrageous move in setting up his own cleanup group.  
Baker is an aide to teamster Vice President Harold Gibbons, who bosses the union's activities in the St. Louis area.  
The senate committee heard testimony yesterday linking Gibbons with violence in St. Louis area labor disputes. Gibbons is listed to testify later in the week.  
A handsome woman, Mary Lou Bledsoe, testified she decoyed a taxicab into an ambush on a dark St. Louis street under orders from Gibbons. She said hoodlums who lay in wait wrecked the cab and roughed up the driver. This was during a 1953 taxi strike, she said.  
Oldron A. Mitchell, a former teamster, testified that Gibbons gave orders to run cabs off the streets and roads "in any manner we could get them off."  
Mitchell swore he received \$35 from E. E. Walla, one of the St. Louis teamsters, to help out in the gang beating of one of Gibbons' critics, James M. Ford.  
Fears Reprisals  
Harold Sparks, a 200-pound self-styled former goon, cringed in admitted fear of reprisal as he tried futilely to back down on a sworn statement telling about Ford's beating.  
Sparks said "I don't want nothing to happen to me."  
He finally acknowledged an affidavit he had given to the committee saying he was among a group assigned to seize Ford at a union meeting, and hand him over to Walla. Sparks said this was done, and that Walla "kicked and stomped him, caving in his ribs."  
Sparks reluctantly testified he had a hand in the taxi ambush Miss Bledsoe had described.  
Joe Bommarito, a business agent of St. Louis Teamster Local 405, invoked the fifth amendment in refusing to answer questions, including whether he had threatened to kill a St. Louis taxi driver and the man's wife and child.  
The committee produced a sworn statement from the driver, Norman S. Fortner, that Bommarito had threatened "he would have me killed... He would get my little girl on her way home from school. He would get my wife."

## Florida Contestant Failed by California

Russells Point, Ohio — (P) — It wasn't Jeanie Gehm's fault that her goodwill efforts in behalf of Florida failed. The guy in the audience should have eaten his orange and kept his mouth shut.  
Jeanie, 14, of Miami, Fla., was a contestant over the weekend in the Miss Major-ette Princess of America contest here. In the finale of her act she tossed out a handful of recently-purchased oranges to the audience. On each orange was a piece of tape bearing Jeanie's name and the state she represented.  
It was fine until one man in the audience stripped away the tape and let the cat out of the bag.  
That's right, California oranges.  
The nod over J. Gerald Williams, Alaska attorney general, and Victor Rivers of Anchorage, president of the last territorial senate.  
Ralph Rivers of Fairbanks, a former attorney general, was holding an early lead in the Democratic congressional nomination race over Raymond Plummer of Anchorage, also a lawyer.  
Hugh J. Wade, territorial treasurer, was the early leader in the race for the Democratic nomination for secretary of state. His opponent was Richard Gruel of Fairbanks, former speaker of the territorial house of representatives.

## Baby Left on Convent Steps In Milwaukee

Milwaukee — (P) — A newly born baby boy was found abandoned Tuesday night in a small cardboard box on the porch of a convent. The box contained this pencilled note: "Born 8-26-58 at 8:30 p.m. Please take good care, I am unable to."  
There was no signature.  
The 8-pound, 7½-ounce infant was taken to county emergency hospital where his condition today was listed as good.  
The Rev. Austin Matej, pastor of St. Stephen Catholic church, adjacent to St. Stephen's convent, said the telephone rang about 11 p.m. A woman's voice said: "A tramp is sitting on the sisters' porch; will you please take care of it? She hung up."  
Father Matej went out and saw the box on the porch, but paid no attention to it. An hour later, while out walking his dog, he heard a baby's cries coming from the porch. Police were called and took the infant to the hospital.

## Wife of Chinese Chief Says Reds Don't Want War

Los Angeles — (P) — "The Russians do not want war," Mme. Chiang Kai-shek says.  
"The communist mind is so devious," said the wife of the nationalist Chinese leader, "that we can never be sure just what their plans are."  
She said renewal of the Red Chinese attacks on Quemoy may only be a probing operation but that the possibility of an all-out invasion cannot be ruled out.  
Mme. Chiang, who arrived from New York by plane for an address before the American Bar association convention, said a firm stand by the free world would offset red gains.  
"That was proven in the Berlin airlift and in the Middle East," she said.

## Former Showgirl Says Arrest for Drunkenness Grossly Magnified

Los Angeles — (P) — Former showgirl Gregg Sherwood, wife of wealthy automotive executive Horace E. Dodge II, says her arrest on drunk and battery charges has been "grossly magnified out of proportion."  
She and Irv. Kupcinet, Chicago columnist, were jailed yesterday. The newspaperman was charged with drunk driving. Both were freed on bail.  
Mrs. Dodge told a newsman yesterday the incident arose when she said "Hi there" to two policemen in a patrol car. The officers ordered Kupcinet, 46, to pull over and gave him a sobriety test.  
Police said the 35-year-old Mrs. Dodge launched a spit-

# POST CRESCENT News of the Twin Cities Menasha - Neenah

## Community Chest Campaign Goal Set at \$121,800

Budget Up \$9,800 Over Last Year; 10 Agencies to Benefit

Neenah — Goal for the 1958 Neenah-Menasha Community Chest fund drive has been set at \$121,800. Walter H. Swanson, Community Chest president, said today.

That amount, which will help to support the activities of 10 Twin Cities youth, health and welfare agencies, was approved by the Chest's board of directors.

This year's goal represents a \$9,800 increase over last year's goal of \$112,000. The Community Chest has never failed to exceed its goal in the 11 previous fund-collecting campaigns in the Twin Cities.

The drive will get underway Sept. 29 and run through October. Preparations for the drive are being made by the campaign committee of which Richard B. Sawtell is chairman.

The amounts each agency will receive to cover 1958 operating expenses, with the amount received last year in parenthesis, are:

Neenah — Menasha Apostolate, \$13,980 (\$12,988); Boys' Brigade, \$18,870 (\$17,000);

Boy Scouts, \$16,000 (\$15,500); Children's Service society, \$3,025 (\$1,601); Community Council, \$1,500 (\$1,685); Girl Scouts, \$10,250 (\$10,000); Salvation Army, \$2,750 (\$2,525); YWCA, \$13,700 (\$13,240); Visiting Nurse association, \$25,730 (\$24,170); and Family Service, \$9,070 (\$8,550).

Of the total amount to be collected in the 1958 campaign, \$2,200 has been earmarked for campaign expenses, \$3,000 for repairs and maintenance of agency buildings and equipment and \$1,725 for office and operating expenses to cover postage, stationery and miscellaneous expense.

Sawtell pointed out that many expenses, such as printing costs, newspaper space and radio time, are donated to the campaign.

The budget, which was adopted unanimously by the board of directors, was submitted after months of study by the Chest's budget committee, of which Joseph R. Ryan is chairman.

## Fairgrounds Busy as Exposition Begins

4-H Members, Businessmen Work on Booths for Annual 4-Day Program

Oshkosh — Winnebago county's fairgrounds here were a beehive of activity Tuesday afternoon as FFA and 4-H club members, industrial and commercial exhibitors and concessioners began moving in cows, chickens, fruits, clothing, rides and games for the annual 4-day fair which opened today.

Junior exhibitors and 4-H club booths filled up the farm crops building east of the grandstand while school art work and displays occupy the easternmost education building. West of the grandstand and underneath it are the commercial and industrial exhibits.

One feature of the industrial exhibits this year is a display of Oshkosh-made products arranged by Associated Industries, Inc., of Oshkosh, which include a mammoth truck, a large garbage truck, types of motors, paper

products and other items made in that city.

Civil defense and safety are stressed by the 4-H clubs in their booths along with farm progress and 4-H benefits. Demonstrations are scheduled from 11 o'clock to noon Thursday, Friday and Saturday mornings by 4-H and FFA members.

Demonstrations Set Thursday's demonstration schedule includes Susan Salm and Sally Salm of Mikesville 4-H club at 11 o'clock, Gail Angel of Zion 3-C 4-H club at 11:15, Donald Hildebrand and Donald Jungwirth of Omro FFA at 11:25 and William Nolte and William Glatz of Oshkosh FFA at 11:40.

Demonstrations Friday morning will be by Patsy Grimes of Rippling Book 4-H at 11 o'clock, Betty Grignon and Karen Wentzel of Friend-

## 5 Seeing Eye Dogs on Show In Fox Cities

Ending Training Program at State's Only Foundation

Neenah — Five seeing eye dogs will perform in Neenah, Menasha and Appleton on Friday.

The dogs, from the Double A Guide Dog Foundation in Cambridge, Wis., will lead their blindfolded trainer, Burlee Rowe, around the dangers and obstacles usually encountered by the blind.

The demonstration, sponsored by the Winnebago Dog club and the Zonta club, will be to publicize the work of the foundation, the only one of its kind in Wisconsin and one of few in the country.

The dogs are now completing the final stages of their training program and will be turned over to blind owners early next month.

Arrangements for the demonstration in the Fox Cities were made by Paul Becker of Lakeland Huskie Kennels, route 1, Neenah, treasurer of the Winnebago Dog club.

Rowe, A. J. Dunsmore, foundation director, and Sanford Aaby, Cambridge kennel owner, will be on hand for the demonstrations, along with representatives of local government, businessmen and the Neenah Lions club, which aims most of its public service projects at aid for the blind.

The shows will be at Wisconsin avenue and Commercial street in Neenah from 11 o'clock to 1 o'clock, on the square in Menasha from 1:30 to 2:30 and on W. College avenue in Appleton from 3 o'clock to 5 o'clock.

Sons to: Mr. and Mrs. Donald Breker, route 2, Menasha.

Mr. and Mrs. Hazen Clough, 405 W. North Water street, Neenah.

Handing in Their County Fair Registration cards above to Miss Marjorie Popke, right, agriculture office secretary, are Doug Patton and Jim Winters of the Tullar 4-H club at Neenah. New this year, is the photography project exhibit which is being arranged by, left to right, Scott Henry, Alice Henry, Bill Henry and Helen Doro of the Winchester 4-H club. The 4-day fair opened today at the Oshkosh fairgrounds.

### Mother of Two Neenah Women Dies

Neenah — Mrs. John B. Chartre, 76, Niagara, mother of Mrs. E. X. Labre and Miss Jeanette Chartre of Neenah, died Tuesday after an illness of several months. Funeral services will be at 9 o'clock Friday morning at St. Anthony's church at Niagara and thence to the Tonawanda Funeral home at Iron Mountain, Mich.

### Dancers to Vie For Pigs, Chickens

Menasha — Live pigs and chickens will be let loose at the "Fun on the Farm" record hop being planned for 8:30 to 11:30 Friday night at the Smith park pavilion by the recreation department. Whoever catches the pigs and chickens may take them home to keep, Robert Vanev, recreation director, announced.

### New Home Permit

**Louis Erdmann Receives Degree At Ohio School**  
Menasha — Louis Erdmann, son of Mr. and Mrs. Hugo Erdmann, 861 Jefferson street received a master of arts degree from Kent State university at annual summer session commencement exercises Saturday.

He received his master degree in the field of speech and wrote a thesis, "The Contribution of Woodman Thompson to the Field of Scene Design through his Development of the Unit Set." He studied at the Ohio university during the past year under an assistantship. He is a graduate of Neenah High school and North Central college, Naperville, Ill.

During the past year, he has designed the settings for "The Bluebird," a touring children's show, Ibsen's "Hedda Gabler" and Inge's "Picnic." He recently appeared on an Akron television interview series, where he discussed scene design.

This fall, Erdmann will be teaching in the theater division of the school of speech at Kent university. He also will be a technical director and designer for the university theater and plans to begin work on his doctors degree next summer.

His parents and sister, Maavis, attended the graduation exercises at which over 600 students received degrees. The Erdmanns returned home Monday.

**Agent Lists Canning Method For Tomatoes**  
Oshkosh — Whether tomatoes are canned with the raw pack method or by preheating them, it is best to process them without adding water. Tomatoes have enough juice of their own and a better canned product is achieved without additional liquid. Sort tomatoes so only perfect, ripe ones are used. Loosen the skins by dipping them in boiling water for a half-

minute, then into cold water. Peel and quarter the tomatoes.

The raw pack and hot pack methods of canning the fruit have been listed by Miss Lois Klusmeyer, county home agent. For the raw pack put quarters into the jar, pressing them down gently to fill the spaces. Use a half-teaspoon salt for each pint jar. Some juice will form as you pack the jar. Process in boiling water bath canner with jars completely covered with water for 35 minutes for pints and 45 minutes for quarts.

For the hot pack method, bring quartered tomatoes to a boil, stirring often to keep them from sticking. Pack into jars adding the juice that has cooked out of the tomatoes. Process hot tomatoes in pint jars for 10 minutes and for the same time for quart jars.

Tuesday's Results

Ramblers 10, Badger-Globe 1.  
Lakeview 10, Wooden Ware 5.

Neenah — The Marathon Ramblers concluded their National division schedule in the Twin City Industrial Softball league by besting Badger-Globe 10-1 at the Recreation field Tuesday night. The win snapped the Rams' two-game losing string.

Lakeview turned back Menasha Wooden Ware 10-5 in the other contest on the final night of play.

All that remains on the schedule is Thursday night's championship game between the Ramblers and Main Office, American section titlist. The loop concluded its regular slate without a single rain-out and without a forfeit. The season began in early May.

Hurl 2-Hitter

Doug Wiatrowski and Don Breehauer combined to set defending champion Badger-Globe down with two hits in the Ramblers' win. Wiatrowski permitted two hits in the first four frames and Breehauer pitched hitless ball in the final three.

The winners made 10 off Don Gauthier, including two each by Rollie Weiss and Shirden Wiatrowski.

The Rams scored four runs in the second, two in the seventh and singletons in the first, third, fourth and sixth. The Badgers collected their only tally in the second.

Adams Gets Win

Len Adams pitched a five-hitter in Lakeview's win over Wooden Ware. The triumph gave the K-C entry a tie for second place with Bergstrom's.

Jim McDonald, Defending Champion, Vies  
With Rich O'Brien for Tournament Crown

Neenah — Defending champion Jim McDonald will play Rich O'Brien, last year's runner-up, for the championship of the seventh annual Neenah-Menasha Junior Chamber of Commerce Amateur Golf tournament at 9 o'clock Sunday morning at the Bridgewood golf course.

O'Brien defeated Ralph Sell 2 and 1 in the semi-finals last week while McDonald worked his way into the finals two weeks ago with a 4 and 3 triumph over Ralph Conner.

The final bracket is set in one of the other three flights. That is in the B flight where Bob Miller plays Bill Dowling Jr.

Miller defeated Bill O'Brien 1 up in 18 holes in the semis and Dowling won over

the first, four in the second, three in the fourth and two in the sixth. Wooden Ware made one in the first, two in the third and two in the fifth.

Adams led Lakeview's 10-hit attack with three hits while Gauthier tallied two. Bob Williams had a pair to pace the Wooden Ware swingers.

# Seven Lettermen Included on MHS Football Roster

## Jays Launch Slate Sept. 12 Against Appleton High '11'

Menasha — A cast of seven lettermen is among the some 40 football candidates going through two-day football drills at Menasha High school. Several more candidates may report next week when school gets underway.

The Bluejays will open their schedule here Friday night, Sept. 12, against Appleton.

Menasha's 1958 squad will be made up mainly of seniors and sophomores. There are less than a dozen juniors bidding for berths.

The fine freshman squad of last year lost only to Neenah 21-20 and was held to a 7-7 tie by Kaukauna and many

of those second year students will push the upper classmen for starting berths. Several may be in the opening lineup when the Jays take the field against the Terrors.

Although the season is just four practices old, the end and halfback spots appear to be Coach Carl Steffin's biggest concern. The Jays should have one of the best backs in the area in left halfback Tom Stepanski, who was a regular as a sophomore and junior, but the right halfback berth and second team spots are wide open. Candidates include Jim Stenson and Ed

Sheets, juniors, both of whom saw some action last year.

Dave Robinson, regular quarterback, again will handle the signal-calling duties. He is backed up by senior Bob Adams and sophomore Bill Gerhard. Sophomore Bill Ritchie seems to be the leading fullback candidate. Other hopefuls include juniors Dan Rau and Dave Hess. The latter wasn't out for football last year but was a regular on the freshman team two seasons ago.

Graduation took starting ends Dallas Enz, Jim Funk and Don Nelson plus Larry Wright and Jim Hanson, reserves. All were lettermen.

Harold Kachur, a tackle on the jayvees last year, Dick McCarthy and Dave Ristau and Bob Stumpf, sophomores are the leading candidates for the wing spots.

The Jays are well fortified at tackles where regulars "Chuck" Weber and Bob McAloon return along with Dave Emerich, another letterman. Also back is Dick Taves, last year's starting center.

Guard candidates include Bob Cook, a junior, who saw some action last year but not enough to earn a letter, and Dick Winz, a letterman, who was used mainly on defense.

## Gets Hole-in-One at Bridgewood Course

Neenah — Earl Hoks, 936 Seventh street, Menasha, scored a hole in one on the 125 yard, No. 2 hole at the Bridgewood Golf club Monday.

Graduation claimed the starting guards, Ken Konetzke and John Podolski.

In addition to the five ends and two guards, other lettermen who graduated were fullback Jerry Koslowski, halfbacks Dick Finch and Dave Neubauer and tackle Pete Lawler.

Steffin, who is beginning his seventh season as coach of the Mid-Eastern conference entry, is again assisted by Bob Bachhuber and Leo Kenney.

# Set Program For MHS Frosh

**Assembly Scheduled Next Tuesday; Plan Parent Coffee Hour**

Menasha — An orientation program for Menasha High school freshmen, starting with an assembly program, will be held at 1:30 next Tuesday afternoon, Principal L. A. Wienbergen announced today.

Announcements and explanations of the school program and extracurricular activities will be made after which the fee hour afterward.

students will tour the building.

The purpose of the orientation program is to help students become acquainted with the new school situation, Principal Wienbergen explained. Besides the freshman assembly there will be other classroom and social activities which will be helpful to the new students.

A parent coffee hour is scheduled the evening of Sept. 22 for parents of freshman students. A program will inform the parents how they may work with their children to enable them to secure the full benefits of the school program. The parents will meet with the teachers at the coffee hour afterward.

A Savory Dish Is This Fish Chowder in which this fish, milk and potatoes are zested with black pepper and that tasty trio of seasoning salts — celery, onion and garlic.

## Tomatoes Topped With Crumbled Bacon Take Place of Dinner Salad

Tomatoes country style can be served for dinner in place of a salad. To make them: cook several slices of bacon until crisp. Remove bacon. Slice an onion and separate into rings, cook in bacon fat until tender. Add canned tomatoes and season with celery seed, salt and pepper. Serve topped with crumbled bacon.

## These Recipes For Fishing Expeditions

As fishing and camping trips become more and more family affairs, their lengths may vary from one-day treks to junkets over a long weekend.

Types of food for camping trips depend on mode of travel, length of trip and size of family. If the trip is fairly short and made by car, many fresh foods can be bought along the way to supplement the take of fish. If the trail leads by foot away from civilization concentrated or canned foods are more practical.

But regardless of the size and scope of the expedition, an unbeatable effective and easy-to-carry little spice kit can be composed of the three seasoning salts, black pepper and a shaker of cinnamon (for enlivening breakfast dishes).

Here are some handy campfire recipes.

In Fish Chowder, which combines fish (cooked until the flesh is flaky) with crisply fried pork, potatoes and dry milk, the celery salt, garlic powder and black pepper provide a "plus" of flavor excitement. Every bite of trout, northern bass or perch is a flavorful delight when the fish has been sprinkled and grilled with onion and celery salts and black pepper.

**Fish Chowder**  
 1/2 pound salt pork  
 3 cups boiling water  
 1 cup (2 boxes, 1/2 oz each) dried onion flakes  
 2 teaspoons salt or salt to taste  
 1 1/2 teaspoons celery salt  
 1/2 teaspoon ground black pepper  
 1/2 teaspoon garlic salt  
 4 medium potatoes  
 5 fish, 10 to 12-inches long  
 2 cups cold water  
 1 cup nonfat dry milk  
 2 tablespoons butter  
 Slice pork and fry until crisp. Remove crisp pork from fat and save it for later use. Add boiling water, onion flakes and seasonings. Pare potatoes, slice 1/2-inch thick and add. Cover and cook until potatoes are tender, 10 to 15 minutes.

In the meantime, cook fish in enough boiling water to cover, three minutes or until flaky. Remove fish from water, cut off head and fins, split lengthwise and lift out bones. This is quickly and easily done.

Break into chunks and add to the mixture. Combine cold water and nonfat dry milk as directed on the package and add. Cook only until hot. Stir in butter and crumbled crisp pork. Serve hot.

**Grilled Fish**  
 Clean and wash fish. Sprinkle inside with onion salt, celery salt and ground black pepper. Place over campfire or grill or in steak broiler. Cook eight to 10 minutes or until fish is flaky, turning once. Sprinkle again with seasoning salts and rub lightly with butter.

**Scrambled Eggs**  
 1 tablespoon shortening  
 4 eggs  
 Onion salt to taste  
 Celery salt to taste  
 Ground black pepper to taste

Melt shortening in a skillet. Add eggs, onion and celery salts and ground black pepper. Stir and cook over a slow fire until eggs are set. Serve hot.

### Driver Pays \$19.20

Neenah — Hans Manske, 61, Rickers Bay, route 1, Neenah, forfeited \$19.20 to Neenah police Monday afternoon for inattentive driving. Manske was arrested at 2:54 Saturday afternoon after his car struck a utility pole on S. Commercial street opposite the intersection with Olive street.

# Readers Seek Vital News, P-C Executive Says

**'Metropolitan' Coverage Now Being Demanded**

Neenah — Newspaper readers are becoming a more sophisticated group, a Post-Crescent executive told Neenah-Menasha Optimists Tuesday, and are demanding a well arranged compilation of vital local, state, national and international news.

Kenneth E. Davis, general

advertising manager, speaking at the Valley Inn, said the demand for a metropolitan type of coverage is on the increase and the "Mr. and Mrs. So-and-so visited their cousins in Ruralville" kind of news is on the way out.

In the United States every day more than 37 million newspapers are purchased, costing more than \$3,000. This is more than the number of cigarette packs, quarts of milk or loaves of bread purchased, and is more than one paper per family, Davis said.

As an indication of a newspaper's value to the community, Davis outlined the impact on Boston several years ago when a mailers union strike closed all the city papers. Downtown business dropped 7 per cent the first week, 13 per cent the second week and 10 per cent the third week. The suburban

stores, which were able to keep up their advertising in the suburban newspapers, showed increases of 4, 8 and 5 per cent during the same period.

This has been repeated in Pittsburgh, Detroit, New York and most recently Philadelphia. "It is like taking the heart out of the business community," Davis said, "and shows without doubt that it pays to advertise."

# Danish Islands Ask for 12-Mile Limit on Fishing

Copenhagen — Two Danish territories flanking Iceland in the north Atlantic are trying to join that republic in banning foreigners from fishing within 12 miles of their coasts.

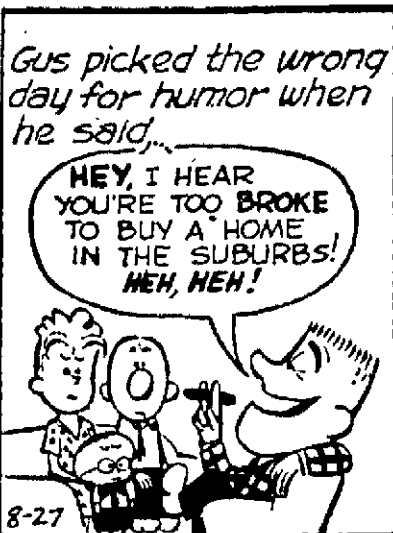

The Danish government has advised the self-governing Faroe islanders that their demand for a 12-mile limit could not be met immediately.

The Greenland national council decided last night in Godthaab to ask the Danish government to help put into effect a 12-mile limit around that island, the world's largest.

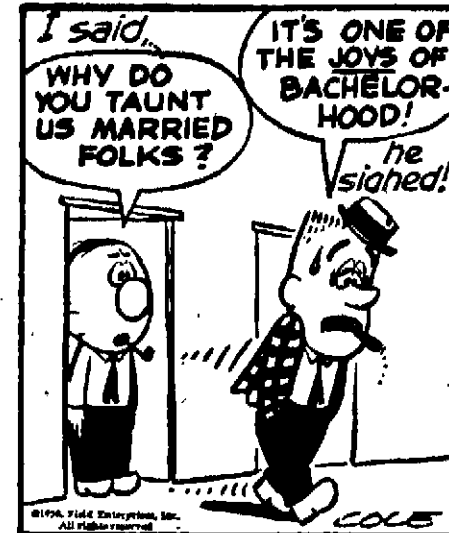

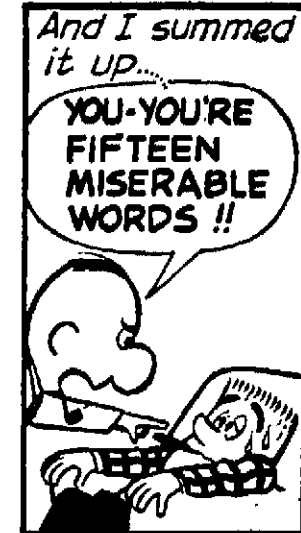

Denmark has a fisheries convention with Britain but several notes to London on the subject so far have brought no charges.

British fishermen plan to defy the new limit by independent Iceland, scheduled to go into effect Monday. The British government has said it will send gunboats to protect its fishing fleet.

# Tiger, Yankee Hitters Pace Junior Wheel

Steffensen's .513  
Tops All Batters;  
Hensen Posts .458

Neenah — The champion Tigers and Yankees dominated hitting in the Neenah Junior Baseball league this summer, according to the unofficial statistics.

The Tigers had the first, second and sixth best hitters while the Yanks walked off with the third, fourth and fifth place spots.

The leading hitter, among the players who were at bat 30 times or more, was George Steffensen of the Tigers, who made 20 hits in 39 trips to the plate for a .513 mark.

Tom Hensen of the same team was second with .458 on 22 for 48 and Ricky Getschow of the Yankees third with .442 on 19 for 43.

Others over .400 were Doug Ankersen, Yankees, .436 on 17 for 39; Dick Diedrich, Yankees, .417 on 15 for 36, and Jim Sauby, Tigers, .400 on 24 for 60.

Others in the top 10 were Winn Zimmerman, White Sox, .387 on 12 for 31; Bob Wisniewski, White Sox, .375 on 12 for 32; Mory Handler, Tigers, .373 on 22 for 59 and Joe Began, White Sox, .364 on 12 for 33.

Others above the .300 mark were Dan Zehner, Tigers, .353; Jerry Moen, Tigers, .33; Dick Kuehl and Dan Murphy, Yankees, .333 and Stew Schwerin, Tigers, .311.

Only the Indians failed to have a player with a mark of .300 or better. Their top regular was John Larson with .271.

## 52 Register in Special Session

Neenah — Exactly 52 new voters registered in a special after hours session Tuesday night, bringing the total of new registrations since the April 1 election.

The deadline for registrations for the Sept. 9 primary is 4 o'clock this afternoon. After that potential voters will be required to bring two freeholders to the city hall with them to swear that the one seeking registration is a resident of the city and meets all other requirements.

On April 1 there were 7,585 voters registered. The new registrations are not expected to swell this number much since many names have been crossed off the old list as having died or moved away.

## Thompson, Neenah Native, Opens Grid Drills at Dodgeville

Dodgeville — Charles Thompson, former Neenah and Lawrence college lineman, opened season-for-first season as coach at Dodgeville High school Monday with 31 candidates, including eight lettermen.

Thompson's team opens its schedule in a home game Sept. 12 against Mt. Horeb. The Dodgers will play eight games, all in the Southwestern Wisconsin league. Other foes are Lancaster, Prairie du Chien, Darlington, Fennimore, Platteville, Boscobel and Mineral Point.

## NHS Gridder Hurt In Football Play

Neenah — Robert Tollefson, 18, son of Mr. and Mrs. Harold Tollefson, 649 Chestnut street, is in Theda Clark hospital today for observation after suffering possible injuries in a Neenah High school football practice Tuesday afternoon.

Tollefson's condition this morning was listed as "good." He was taken to the hospital in the Neenah ambulance at 5:51 Tuesday afternoon.

## Youth, 17, Charged With Non-Support

Oshkosh — Paul Haase, 17, route 2, Redgranite, was arraigned before Municipal Judge S. J. Luchsinger this morning on a charge of non-support of his wife and 9-month old child since May 15. Preliminary examination and costs for reckless driving was set for 1:30 Thursday afternoon. Sept. 4, and he was jailed in default of bond.

Members of the Menasha Junior Baseball league All-Star team which triumphed over the title-winning Cubs are pictured above. In the front row, left to right, are Bob Opsahl, Paul Laus, Tom Zeleske, Tom Steinmetz and Dan Domro. In the second row, same order, are Tom Farin, Dave Erdmann, Tom Zelinski, George Arno and Jim Robinson. In the back row are Elvin Mauritz, Bob Wendt, Jim Rather and Bill Martin.

## 600 Pupils Take Part In Reading Program

Neenah Library Summer Schedule  
Draws Largest Number in History

Neenah — More than 600

Neenah school children took part in the public library's summer reading program. Mrs. Ruth Bredendick, children's librarian, announced today. The number is the highest in the program's 10-year history and is nearly half again as large as last year's.

The only child to read and report on more than 100 books during the seven week program was Jeffrey Meyer, son of Mr. and Mrs. John Meyer, 717 Hewitt street. He totaled 120 books and will be a third grade pupil at Roosevelt school this fall.

Youngsters were permitted to use any mode of expression they wished in making their reports. Some reported orally, some by submitting pictures, and some in writing. Many youngsters' parents came to the library to hear the oral reports.

Exactly 200 youngsters reported on five books and were awarded pins. Those who reported on 10 or more books received special merit certificates and were represented on a "dive for treasure" tableau in the children's library.

High on the list of star readers, after Jeffrey Meyer, were Earl Pfeifer, son of Mr. and Mrs. Alfred Meyer, 613 Nicolet boulevard and a classmate of Jeffrey. Earl read and reported on 70 books.

Stanley Meyer and Karen La Douceur reported on 60 books. Boys and girls who read 40 books are Christine Kehl, Karen Groth, Robert Braun, Steven Beiser, Carolyn Umland, Linda Lucas,

## Remind Pupils To Register

Neenah — New grade school students were reminded today by Miss Mary E. Willis, elementary supervisor, that they must register at Washington school or Kimberly Junior High school Thursday.

The elementary pupils are to register at Washington and seventh and eighth graders at Kimberly. Hours will be from 8:30 to 11:30 and 1:30 to 4 o'clock Thursday.

Pupils who have moved within the city from one school district to another need only phone the elementary supervisor's office.

## Loses License for Jumping Bridge Gap

Oshkosh — Municipal Judge S. J. Luchsinger this morning suspended for a year the driver's license of Richard Clement, 24, Oshkosh, who on Aug. 5 broke through the reinforced concrete bridge barrier on the Wisconsin consin avenue bridge here morning on a charge of non-support of his wife and 9-month old child since May 15.

Preliminary examination and costs for reckless driving, his car became caught in the support of his wife and 9-month old child since May 15. Preliminary examination and costs for reckless driving, his car became caught in the support of his wife and 9-month old child since May 15.

## Zion Nine Captures Loop Crown

Oshkosh — Zion won the championship in the Winnebagoand Baseball league by defeating Berlin 9-4 in the second game of a double-header Sunday after losing the opener 2-1. Eureka bested Omro 15-9 in the third contest. Zion closed its schedule with a 9-3 record. Eureka had 8-4, Berlin 7-5, Poygan 6-6 and Omro 0-12. Had Berlin defeated Zion in the second game, the two teams and Eureka would have tied for the championship.

John VanSistine of Berlin edged Pete Kaul in a pitching duel in the opener. Kaul only gave three hits and VanSistine permitted four. The victors sewed up the second game with a pair of four-run frames. Ron Inouye was the winner and Ron Merkey, the loser.

Eureka scored eight runs in the eighth inning in its win over Omro. The latter led 4-3 until Eureka scored four in the top of the seventh. "Chuck" Viertel was the winner.

The league will close play next Sunday when Zion entertains the all-star team.

## Placed on Probation After Larceny Try

Oshkosh—James F. Hayes, 22, 1001 1/2 State street, Neenah, was put on two years probation after pleading guilty this morning by Municipal Court Judge S. J. Luchsinger. Hayes pleaded guilty last Thursday of trying to steal a chain saw, valued at \$350, from the C. F. Kalupa Construction company. Hayes started to take the saw from a company construction project on Alcott drive in Neenah but returned it when he saw some construction workers returning. He was held in the county jail until this morning.

**27 are Guests at Annual Luncheon At Richmond School**

Twenty-seven teachers, all of them new to Appleton's public elementary school system, were guests of honor at a luncheon Tuesday noon at Richmond school. The event, held annually during the pre-orientation period of teachers, is sponsored by the city-wide Parent-Teacher association council.

Also present were Elmer Thalke, council president, who acted as toastmaster; Edward Krueger, president of the board of education; Mayor Clarence Mitchell; City Clerk Elden Broehm; John P. Mann superintendent of schools; Miss Martha Sorensen, director of elementary education, and Mrs. Willis D. Van Horn, historian and past vice president of the Wisconsin Con-

gress of Parents and Teachers. Thalke, Krueger and Mayor Mitchell gave brief welcoming speeches, noted the city has many advantages to offer newcomers, stated the city and its residents are proud of Appleton's schools and teachers and voiced hope that the new teachers would become permanent residents.

**Pre-School Program**  
Pre-orientation for all new elementary teachers began Monday and concluded Tuesday. They will join all teachers in the school system for the regular pre-school orientation period beginning today and continuing through Tuesday. Classes open Wednesday, Sept. 3.

## Byrnes Sees 85th As Spending Congress

Also Says Merits Were Overshadowed  
By Failure to Enact Labor Legislation

Post-Crescent Washington Bureau

Washington — The merits of the recently adjourned 85th congress were overshadowed by its failure to enact labor legislation and by the spending spree which it enjoyed, Rep. John W. Byrnes, Green Bay Republican, commented today.

In reviewing the legislation passed by the dying congress, Byrnes said that "volume-wise, the product of the congress was noteworthy." This was especially noticeable in its passage of defense reorganization, tax revision and space exploration, the congressman said.

"However, there is a difference between production and constructive legislation," Byrnes continued. "The failure to enact legislation protecting workers and the public against the heavy-handed and corrupt use of power by some labor leaders can and must be corrected by prompt and thorough consideration in the next congress."

He added, however, that the spending spree on which the 85th congress embarked could not be so easily rectified. He noted the congress "not only failed to cut spending for existing programs, but it also enacted new programs which will add billions to the future annual cost of government."

"This action took place in spite of mounting deficits and continued inflationary pressures," Byrnes said. "As a result, we face a \$12 billion deficit this year, and \$80 billion budgets in the years

ahead. Such deficits mean continued inflation, a rise in the cost of living, and domestic and international problems of critical magnitude arising from the further decline in the value of the dollar."

He said "the fact that we were able, in the house, to defeat several outrageous spending bills is little consolation. The 85th has passed on to the next congress the difficult job of cleaning up the inflationary mess. It will not be easy. It can only be done if the spending philosophy of the 85th congress is converted into a willingness to face up to the hard facts of our precarious financial condition."

## Library to Begin Fall Story Hours

The last of the summer story hours sponsored weekly by the children's room of the Appleton public library will be held at 2 o'clock Thursday afternoon. Miss Janet Mell, children's librarian, will tell "Many Moons" and "Dragon John."

The autumn schedule will begin next week when pre-school story time will be resumed at 10:30 each Wednesday morning and story time for school-age youngsters will begin at 2 o'clock each Saturday afternoon.

The first pre-school hour will be held on Wednesday, Sept. 3, and the first school-age story hour will begin Saturday, Sept. 6.

## Appleton Stores To be Polled for Census Report

Mrs. Malina Jones, Appleton, will visit local business establishments during the first 10 days in September to collect information on retail sales for the U. S. census bureau's national monthly retail trade report.

Approximately 7,800 retail stores across the nation are visited each month by census takers who collect figures on dollar volume of retail sales by kind of business. This information is combined with similar facts collected by mail from another 13,000 retailers, covering approximately 100,000 stores, to provide the basis for estimating the national totals.

The national figures on retail sales presented each month in the report are used widely by businessmen and government officials as a business barometer. The report presents sales of the following types of retail stores: food, eating and drinking places, general merchandise, apparel, furniture and appliances, lumber, building and hardware, automotive, gasoline service stations, liquor stores and other kinds of retail business.

# Hortonville House Vandalism Stopped

Chief, Sheriff, New London Police Combine To Break Up Ring of Youthful Destroyers

Sheriff's police have broken up nearly a month of vandalism at a vacant house near Hortonville.

The house, built in the 1860s, has been vacant about a year. It is two miles west of Hortonville.

Four youths were given probation for a year and ordered to share in paying for damage to the house and clothing stored in it.

The youths appearing in municipal court Tuesday were Robert Brush, alias Pat, 18, 309 Avon street, Harry Strojny, 18, 519 Water street, and Jack Zuelzke, Hortonville Police Chief Ira Dominowski and the New London police assistant.

J. Young, 20, route 2, Shiocton.

Judge Oscar J. Schmieg ruled that Brush would serve his probation concurrently with a 5-year term for his part in five burglaries last year and early this year. Brush also is on probation for three years for a Winnebago county burglary. His brother, who also was charged with the burglaries, is serving a term in Waupun state prison.

investigation.

The house, owned by O. P. Cuff, route 2, Hortonville, was entered many times, beginning about July 30, police said. Sunday, witnesses saw lights on the third floor. Air was let out of tires of cars parked outside the house, the driveways blocked, and police called. Police caught five youths, four of them juveniles, and questioning led to identification of others.

At least eight to 10 youths will be involved, police indicated. Most of them are juveniles and will be referred to juvenile court, mainly in Waupaca county.

Behm, Brush and Young were charged with criminal trespassing, while Strojny was charged with criminal destruction of property.

**Broke 36 Windows**

Strojny admitted breaking 36 windows in the house with his fist, police said. Value of the windows is about \$100. Zuelzke estimated at least

## Disease Report

**Waupaca** — Four cases of streptococcal infections were the only diseases listed in this week's county morbidity report by County Nurse Martha Ann Heigl.

\$200 additional damage to plaster, wallpaper and clothes stored in the house.

The youths found tuxedos and dress uniforms stored on the third floor of the house and tried them for size. The clothes were found in brush around the house, police said.

Zuelzke and New London police questioned a bout 20 youths Sunday and Monday at New London, turning up some youths who had been in the house as many as seven times.

According to local legends, the house was built about 1860 and lived in by Capt. Drummond, who brought the first paddle-wheeler up the Wolf river.

## 19,070 Lose Right To Drive in 7 Months

**Madison** — The motor vehicle department said Monday that driving privileges of 19,070 motorists were revoked or suspended in Wisconsin during the first seven months of this year.

The figures compares with 18,442 for the first seven months of 1957.

Commissioner Melvin Larson said included in the 19,070 were 3,631 juveniles and 3,275 persons who were unable to arrange settlements of damages resulting from traffic crashes.

# Room Sought For New London Pupils

**Lincoln Remodeling Poses Classroom Problem; Propose Half-Days; Seek Other Space**

New London—Ways of providing classrooms for the Lincoln school students before the remodeling of the school is completed were discussed Tuesday night by the board of education.

P. M. Lofbore, superintendent of schools, pointed out the McKinley school, part of the Lincoln school, a classroom at Emanuel Lutheran grade school and the First Congregational church parlors may be used until the Lincoln school work is completed.

Jay Mattick, representing the Congregational church, said the church trustees invited the school board to use the church parlors to house the kindergarten pupils. Mattick also is a member of the school board.

**Half-Day School.** Lofbore told the board the state department of public instruction has authorized the system to use half-day sessions at the McKinley school until the Lincoln school is completed.

Present plans call for the regular McKinley school students to attend the morning sessions which will start at 8:30. The grades one through five of the Lincoln school will attend afternoon sessions.

Tentative arrangements are being made to have the two sixth grades of Lincoln school attend classes in the new addition of Emanuel Lutheran grade school. Adolph Pichelmeier, president of the Emanuel congregation, and a former member of the public school board, has a meeting with the church council tonight to work out the details.

Plans are being made to have the sixth grades to attend half-day sessions also. Parents of the students will be notified as to the time of their children's attendance.

**Use Part of School.** The Lincoln school junior high school pupils will attend classes at the Lincoln school where the contractors will have seven rooms ready by Sept. 8. The junior high students will start school Sept. 8, while the other children will start school Sept. 3. These students will occupy five of the seven rooms with the other two rooms being used to house materials until the project is completed.

Members of the board also discussed the possibility of providing noon transportation and Mike Huebner.

for the Lincoln school students who will be attending classes during the afternoon sessions at the McKinley school.

Lofbore said a meeting is scheduled today with A. F. Christ, Washington High school principal; Louis Sheehan, Lincoln school principal; and Mrs. J. N. Wells, elementary supervisor, to complete the details for the opening of school. Transportation and other time schedules will be ironed out to keep the schools functioning until after the Lincoln school remodeling is completed.

**Northport Meeting.** The school board held an informal meeting with residents of the Northport district to discuss recent developments. They mentioned that petitions are being filed to request that the school district be made a part of the Manawa Union Free High school district and the Weyauwega Union Free district.

Lofbore was instructed by the board to arrange a meeting of the athletic coaches and athletic director for a conference during one of the regular meetings of the school board. Delegation of duties of the coaches and athletic director will be discussed.

The board authorized a contract for Miss Marianna C. Markowitz, Milwaukee, to teach English at Washington High school.

The board also considered possible homes for rent for Coach Ben Meixl, who will teach at the Lincoln school, in addition to coaching at the high school.

## Tipsy Driver Loses Licenses

**Stevens Point Man Fined \$100, Loses Driving Rights**

Waupaca — Tipsy driving resulted in a \$100 fine and a year's license revocation for Edward S. Kotlewski, 43, Stevens Point, who pleaded guilty to the charge Tuesday morning in Justice George Whalen's court.

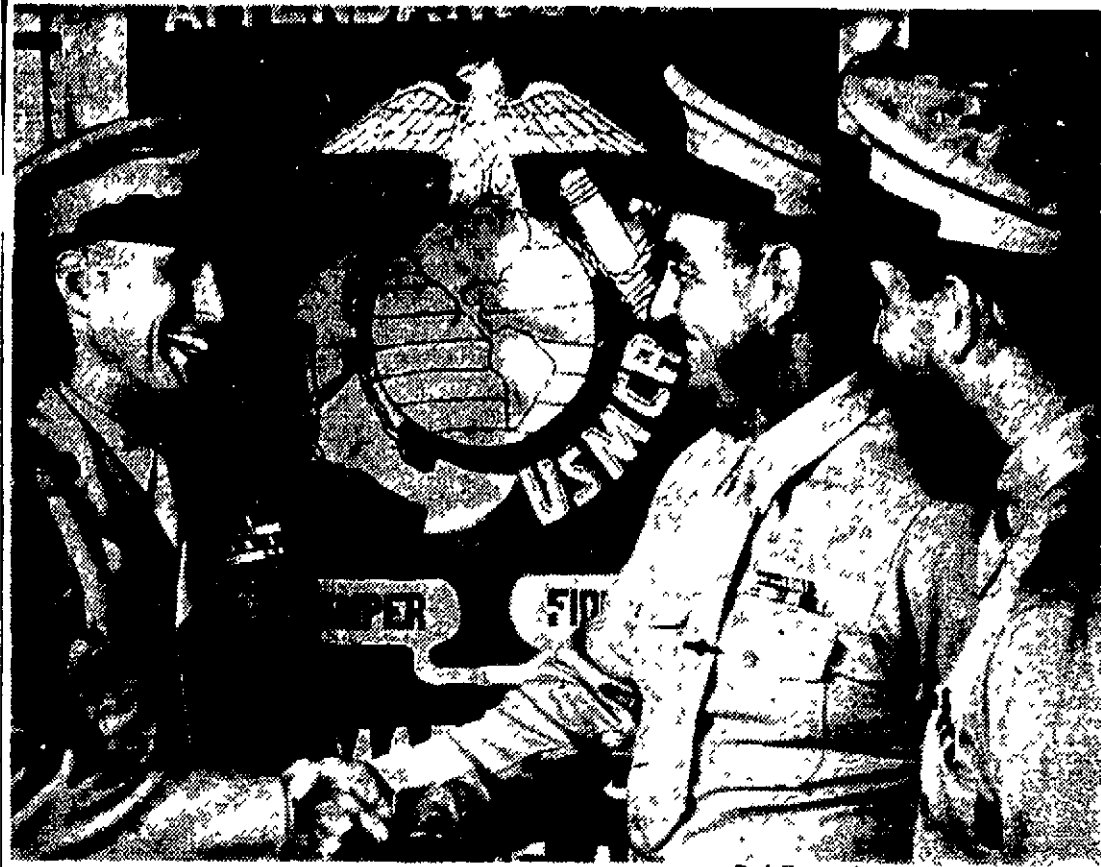

Kotlewski was arrested by state police in Waupaca when his erratic driving behavior was noticed on W. Fulton street. He registered 27 on the breathalyzer. A reading of .15 is considered evidence of intoxication.

## Church Congregation Holds Farewell Dinner Honoring Dale Pastor

Dale — The Rev. and Mrs. Gale Wolf and daughter, Kathy, were honored with a farewell dinner Sunday at Zion Evangelical Reformed church.

Gale Kaufman, president of the church council, presented the Rev. Wolf with a farewell gift of money on behalf of the congregation. He will become assistant pastor of First Congregational church, Madison, Sept. 1.

The Rev. Mr. Wolf will preach his farewell sermon at the Dale church Sunday.

**Top Attendance Citation Went to the Seventh Engineer company, Marine Corps reserve, for its high percentage of strength and drill attendance in the 9th Reserve Recruitment district consisting of 50 units in 13 states. Lt. Col. John Rosebush, Appleton, left, made the presentation to Maj. Henry McDaniel, center, New London commander of the company. Capt. Robert C. Wood, recruiting officer, Green Bay, is at the right.**

## Vehicles in State Hit New Record During Fiscal Year

During the fiscal year ending June 30, the state motor vehicle department registered 1,536,346 vehicles, a new record, it was announced today by Commissioner Melvin Larson. In the previous fiscal year there were 1,497,456 vehicles registered.

Outagamie county has 37,208 vehicles registered. Other area county totals include 39,555 in Winnebago, 46,353 in Brown, 16,096 in Waupaca, 14,732 in Shawano and 8,788 in Calumet.

The latest figures show Wisconsin has 1,236,070 autos, 238,224 trucks, 28,931 trailers, 1912. Wisconsin's annual ve-

hicle total first passed the 1,000,000 mark in 1947. The state ranks 14th among states in the number of vehicles registered, with an average of one car per family.

Wisconsin first issued license plates to automobile owners in 1905, when 1,492 vehicles were registered. Plates at that time were good for the life of the vehicle. Annual registration was begun in 1912. Wisconsin's annual ve-

# Despite Kennedy's Plea, Neither Party Faces Up to Weapons Crisis

BY WALTER LIPPMANN

Sen. John S. Kennedy made a powerful and impassioned speech about the prediction, which is widely supported by a number of experts, that within a few years the Soviet Union will be far ahead of us in the big strategic missiles. The period of our inferiority is estimated to be from 1960 to 1964 when the Soviet Union will, according to these estimates, have the power to destroy our air force and to devastate "85 per cent of our industry, 43 of our 50 largest cities."

Sen. Kennedy's speech was applauded by the Democratic senators who took part in the debate. But it was attacked by Sen. Capehart of Indiana, who objected to it on the grounds that in such a public exposure Kennedy was selling America short and giving aid and comfort to the Russians. This charge was easily disposed of because the fact of the matter is that the speech contained nothing that could be

news to the Russians, nothing that has not been said publicly many times before. The most notable occasion when it was said before was on Jan. 23 of this year, during this session of congress, in the unanimous report of the so-called preparedness sub-committee.

This sub-committee heard some 70 witnesses, interviewed some 200 experts, and took about 7,000 pages of testimony. It reported unanimously that the Soviet Union leads in ballistic missiles and in the number of submarines, that it will soon surpass this country in manned bombers.

## Less Time Lag

It reported, too, what is even more significant and portentous, that "the Soviet Union has a system which enables it to develop new weapons in substantially less time than the United States" and that "the Soviet Union is producing scientists and technicians at a rate substantially greater than our own country." If this is true, the lead of the Soviet Union will increase and the gap will not be closed.

Perhaps the most important

question raised by Sen. Kennedy's speech is why, in view of the sub-committee report in January at the beginning of the session, he did not deliver this speech until Aug. 14 at the very end of the session. What has been happening between January, when the alarm was sounded, and August when Kennedy sounded it again?

What happened, it is plain enough, is that the failure to respond to the alarm was in both parties, and that there is no discernible difference between the attitude of the Eisenhower administration and that of the Democratic opposition. A few Democratic senators have made speeches which are on the record but the party as an organization has reacted to the warning as the president himself has reacted.

## Let's All Ignore It

The bi-partisan reaction to the discovery that the Soviet Union is forging ahead in the race of armaments has been governed, I think, by the human propensity to prefer a disagreeable fact which is still in the future to a dis-

agreeable remedy in the present.

The danger period, according to these calculations, will not begin for at least two years. The remedial measures to cope with it ought to have been laid down in this session of congress. The bi-partisan leadership has avoided the disagreeable remedies, hoping that somehow the alarming predictions of Sens. Symington, Jackson, and Kennedy, and of Joseph Alsop, will not come true.

Indeed, so far as I know, there does not exist an agreed program of what the disagreeable remedies are. Kennedy made a few suggestions but he offered no program, and although the Democratic opposition is critical of President Eisenhower, there is no alternative Democratic program before the country.

Why is it like that? I think it is because the real problem—the relatively greater speed of Soviet technological development—cannot be overcome by a spending program alone. It would be quite easy to push congress into new and bigger expenditures. But what the experts call the missile lag is essentially a weakness in American education and a lack of seriousness in American national purposes, when there is choice between private pleasures and the public interest.

## Hot Dogs in Blankets a Tasty Treat

Good as are grilled wieners in toasted buns, even better are charcoal-cooked hot dogs in their own blankets of home-made biscuit dough. Or use a prepared biscuit mix for a quick supper surprise as in this recipe for Dogs in Blankets.

**Dogs in Blankets**  
8 skinless frankfurters  
2 1/2 cups biscuit mix  
1 cup milk  
1 teaspoon caraway seed  
Impale franks on skewers. Mix biscuit mix, milk and caraway seeds with fork. Dough should be a little stiffer than for biscuits, otherwise it will slide off franks.

With metal spatula, cover each frank with dough about one-fourth inch thick. If dough is too thick it will fall off. Place skewers on grill and turn frequently so that the "blankets" are browned on all sides.

Serve with relish tray, potato chips and a cool drink.

## New Hamburger Recipe Combines Pimiento, Cheese

Hamburgers never go out of season or out of style, but there is no reason why they can't be changed occasionally.

Combined with pimiento-cheese, another family favorite, they become Pimiento Cheese Bunburgers. Pimientos and cheese have always been a happy combination and this flavorful twosome is just made for hamburgers. Try making the 'burgers with evaporated milk to give them added flavor and lightness. Broiled to order on the outdoor grill or inside on the kitchen stove, they are sure to please.

**Pimiento Bunburgers**  
2/3 cup (small can) undiluted evaporated milk  
1 egg  
1 1/2 pounds ground beef  
1/2 cup fine cracker crumbs  
1 1/2 teaspoons salt  
1/2 teaspoon pepper  
1 teaspoon dry mustard  
1 cup finely chopped onion  
6 hamburger buns, split in half  
1/2-oz. can. or jar pimientos, chopped  
1 cup grated process-type Cheddar cheese.

Combine evaporated milk, egg, beef, cracker crumbs, salt, pepper, mustard and onion. Blend together until well-mixed. Form meat mixture into 12 thin patties (about 1/3 cup each).

Place each patty on hamburger bun half, covering completely. Place Bunburgers on broiler pan. Broil 4-6 inches from heat for five to seven minutes, or to taste.

Sprinkle Bunburgers with pimientos and cheese, which have been lightly mixed together. Broil until cheese bubbles one to two minutes.

## Honey, Pork Sausages Give Unusual Flavor To Baked Acorn Squash

To give an unusual honey flavor to squash, take one acorn squash, four small pork sausage links and four teaspoons of honey. Wash squash and cut in half. Remove seeds and to each half add two teaspoons of honey. Brown the sausage, drain and put two into each squash half. Bake covered for 30 to 40 minutes at 350 degrees F.

## Frozen Vegetables Picnic Show-Offs

One for the money and two for the show-off (and this is the time and the place for it). Easy-to-prepare frozen vegetables are just made for an outdoor menu. For quick heating, remove vegetables from package and place on heavy duty foil. Dot with butter and salt. Wrap foil loosely around vegetables and set on hot grill for 10-15 minutes, turning frequently.

If left in the package, box may be opened and butter and salt added before reclosing and wrapping tightly in heavy duty foil. Place on grill, turning frequently. Vegetables will be hot and cooked in 30 minutes.

# Sokolsky Views U. S., Britain as Representative Government Test

BY GEORGE SOKOLSKY

New York — The major problem that faces the so-called democracies is whether they can survive as representative governments under the terrific pressures of the totalitarian forces let loose by the revolutions accompanying World war I and World war II.

We have already witnessed the disappearance of nearly all free governments created by the treaties following these wars. We have already witnessed a revolution in France which may end the Fourth republic and which has established some kind of dictatorship under Gen. De Gaulle, who is laboring to prevent this from occurring. China, which is under the Kuomintang, from Sun Yat-Sen to Chiang Kai-Shek, attempted to establish some form of constitutional government, finally failed and the communists took over all but Formosa.

The test will, of course, come in Great Britain and the United States where representative government, based upon capitalistic economics, achieved its highest form. Great Britain, which economically cannot be self-sustaining, was erected upon a system of colonies and dependent states which the home government defended by a navy that kept the sea-lanes open for all nations. From Elizabeth I to George V, the navy was Britain's strength. That is lost. What is left is prestige and wit, two not valueless imponderables.

Can Britain Survive? But can Great Britain survive its trend toward suicide so expressively represented in parliament by the Laborite leader, Hugh Gaitskell, and by the newspaper, the "Manchester Guardian"?

This British trend toward suicide is an amazing phenomenon because obviously the British have only wisdom and know-how to offer the world; their manufactures are unnecessary for any country because most of the markets of the world will ultimately be supplied by nations which possess within their boundaries the raw materials from which durable or consumer goods are made. Such countries as Great Britain and Japan in a quarter of a century will not be able to compete with the United States, the Soviet group, red China or a Latin American group centered in Brazil because the import of raw materials is becoming increasingly costly and nations will not go to war for trade as they do not go to war for dynasties.

The United States possessed power in 1945 with Great Britain, France and nationalist China as partners. It frittered the opportunity away in an orgy of idealism centered on the United Nations. By 1948, it was altogether clear that Soviet Russia had taken full advantage of American sentimentalism and had gone off on an imperialistic spree which showed its full force in the Korean war (1950-1953) and the Viet Nam war (1946-1954).

Flukes and Carelessness As long as the United States believed that it enjoyed the monopoly of the atom bomb it believed that time was working in its favor. By unbelievable flukes and carelessness, it permitted the atom bomb and the hydrogen bomb developments to be stolen by Dr. Klaus Fuchs, the Rosenbergs, Dr. Bruno Pontecorvo and others.

The United States did not actually lose the bomb; the scientific data concerning which would have become known anyhow in due course. What the United States lost

was the overwhelming advantage of time.

Recognizing this one principal factor in this situation, Soviet Russia starved its people, robbed its satellites and brought the world close to war, but it closed the time gap in scientific development. In fact, in some respects Soviet Russia's rush for time resulted in achievement swifter than those

achieved in the United States. Sputnik was an example.

The delays in the United States are generally attributed to faulty education—not enough engineers, mathematicians, etc. The explanation is too simple. In the disclosure of the difficulties of Gen. James Gavin and Adm. Hyman Rickover, we witness another difficulty, that our governmental machine works

too slowly and too ineffectively in its receptivity of new ideas and new methods. This was not so when Franklin D. Roosevelt accepted the recommendations of Albert Einstein and Alexander Sachs and created the Manhattan project, which made the atom bomb in the most profound secrecy.

But it is true today. The Hoover commission discovered this weakness, but neither the president nor congress has done much about it because what is involved is an alteration of the federal government's methods of doing business. Where vested interests are involved, changes are hard to make in a free country.

## Try Barbecued Ribs on Your Outdoor Grill

For a fresh-air feast that is sure to delight your family and friends try barbecuing spareribs on your grill.

The secrets of this barbecue banquet are slow broiling and a tangy sauce to provide robust flavor. Make the sauce ahead of time so that you will have it ready to brush on the ribs while they are broiling.

Barbecue Sauce  
1 onion, chopped  
2 tablespoons salad oil  
3 tablespoons vinegar

2 tablespoons brown sugar  
1 cup lemon juice  
1 cup tomato catchup  
3 tablespoons Worcester-shire sauce  
1 teaspoon prepared mustard  
1 cup water  
1 cup chopped parsley  
Salt and Tabasco sauce (to taste)  
Brown onions in oil. Add remaining ingredients. Simmer for 30 minutes.  
**Barbecued Ribs**  
4 to 6 pounds spareribs  
Salt  
1 onion, sliced  
Barbecue sauce  
Salt ribs and place, bone side down, on grill, six to 10 inches over slow coals. Broil about 30 minutes. Turn over

Wednesday, Aug. 27, 1958 Appleton Post-Crescent C8

and broil meat side down until browned. Turn bone side down again.

Peg slices of onions to ribs with toothpicks. Broil 30 minutes longer or until done (meat will start to pull away from bones).

During this stage brush meat continually with barbecue sauce so that the flavor will be absorbed by meat while cooking.

Serve ribs with remaining barbecue sauce, potatoes roasted in aluminum foil jackets, ears of corn roasted in husks, and tossed green salad with oil and vinegar dressing.

## Green Pepper Magic For Leftover Beef

If in a dilemma concerning leftover cooked beef, try this handy idea.

Remove tops and seeds from green peppers and simmer peppers five minutes in salted water. Combine two and one-half cups finely chopped cooked beef, one and one-half cups mashed potatoes, one-third cup chopped stuffed olives, one-fourth cup chopped onion and salt and pepper.

Fill peppers with mixture, place in baking dish. Pour one-half cup hot water in dish and bake in a moderate oven for 30 minutes.

# State Takes 14 Drivers Into Court

Most Charged With  
Illegal Passing, Pay  
Fines, Four Points

The state patrol brought 14 motorists into municipal court Tuesday, charging most of them with illegal passing. Woodrow W. Nold, 45, 2118 N. Lawe street, pleaded no contest to a charge of inattentive driving and was fined \$10. He came into municipal court after he requested a change of court from the Little Chute justice of the peace. Nold was arrested by Little Chute police after his car hit a pole at 409 E. Main street July 13. The conviction and accident will cost Nold six points. Charged four points each for illegal passing were Joseph T. Horley, 43, Evergreen Park, Ill., \$20; Oiva E. Maki, 42, Wakefield, Mich., \$10; Marshall J. Leard, 37, Oconomowoc, \$23.95 forfeited; Fay A. Jones, 24, 301 N. Shawano street, New London, \$10; David L. Southard, 18, route 1, New London, \$10; William R. Stern, 54, West Allis, \$10, and Jacob J. Klettli, 66, Wauwatosa, \$10.

**Too Fast**  
Charged four points and fined \$25 for driving too fast for conditions was Vera V. Parker, Chicago.  
Charged three points for speeding were Gerald F. Rank, 33, 2218 N. Clark street, \$10, and James B. Jenkins, 19, Lakewood, Ohio, \$25.  
Charged with no registration were Michael Klein, 74, 221 W. Eleventh street, Kaukauna, \$8.95 forfeited, and Robert C. Hermann, 23, 2710 Edwards street, \$3.95 court costs and charge deferred two weeks if Hermann gets a license.  
Julienne Fish, route 1, Shawano, forfeited \$13.95 for violating driver's license restriction (glasses required) and was charged two points.  
George A. Bellile, 23, Hortonville, was fined \$10 for failing to have a red flag on a load extending more than four feet over the rear of his vehicle.

# Thieves Take \$786 From Walk-In Safe

Police Say Safe Cracking Job Looks Professional; Bond Also Stolen

Professional safecrackers took \$786 in cash and a \$1,000 bond from a walk-in safe at the Liethen corporation, a grain firm, 113 N. Badger avenue, Tuesday night or early this morning.

The burglars got into the building by climbing through a swinging metal window which was unlocked, Police Chief Walter J. Hendricks said. The thieves attempted to pry open an office door, then got into the business office by breaking a plate glass window in the grain storage area.

A professional job of knocking the safe combination dial off and forcing the pins was done, police said. A smaller safe inside the large walk-in model was unlocked and contained the money.

Police stated a tear gas vial attached to the large safe mechanism failed to go off.

Andrew Liethen, the firm's president, said he was in the building about 8:30 Tuesday night and discovered the safe

cracking about 6:30 this morning. Police said the safe door was closed and the office looked normal except for the combination dial on the floor.

The thieves littered the inside of the large safe with papers taken from the small safe.

## 3 Charged in Tavern Party

Youths, Owner Held In Case Involving 15-Year-Old Girl

Kewaunee — Two Green Bay youths and a Kewaunee county tavern operator were charged here today with sexual crimes involving a 15-year-old Green Bay girl.

The trio includes Thomas C. Steinfeldt and Vincent Larry Besaw, both 18, and Harry Conrad, about 46, who runs a tavern at Walhain, about 4 miles beyond the Brown county line.

Donald Jirtle, Kewaunee county district attorney, indicated a warrant also will be issued against another Green Bay youth.

Brought before Judge Aaron Murphy in Kewaunee county court, Steinfeldt and Besaw requested a preliminary hearing, set for Wednesday, Sept. 10. Bond of \$2,000 was set for each.

In Tavern The offenses against the girl allegedly occurred in Conrad's tavern late Friday night or early Saturday morning.

Police said the girl, her clothing badly torn, was found in a drunken condition. She was treated at a Green Bay hospital for two days before she returned to her home.

All three men were charged with two counts involving sexual crimes and with contributing to the delinquency of a minor.

Conrad also was accused of permitting minors to loiter in his tavern and with selling liquor to minors. Steinfeldt and Besaw also face loitering charges.

Conrad was fined last Sept. 27, Feb. 10 and May 26 for selling liquor and beer to minors.

Decision on Hanson Assessment Protest May Come Thursday

The board assessment review probably will make a decision on Harry E. Hanson's protest Thursday, Board Clerk Elden J. Broehm reported today.

Hanson is protesting an assessment of \$34.025 against 36 acres of unplatted and undeveloped land on the far south side. He and his attorney are expected to present more of their case Thursday, Broehm said.

Hanson's protest is the only one filed so far during week-long hearings scheduled by the board at city hall.

Birth Record Appleton hospitals this morning reported the following births:

At St. Elizabeth's: Sons to: Mr. and Mrs. William Wachtendonk, 908 N. Harriman street.

Mr. and Mrs. Delmar Nieland, 409 Wood street. Mr. and Mrs. Delbert Handrich, 133 S. James street, Kimberly.

Daughter to: Mr. and Mrs. William Lopus, 364 Sherman place.

At Appleton Memorial: Sons to: Mr. and Mrs. Jerome Schmitz, 260 Karlyn street, Kimberly.

Mr. and Mrs. James A. Witzke, 918 1/2 W. Franklin street.

Mr. and Mrs. Frank Krueger, 1419 N. Douglas street. Daughter to: Mr. and Mrs. Duane LaBudde, 125 S. Weimar street.

Blacktopping of N. Richmond Street was begun Monday by Warren Wiesler Construction company crewmen. Work is shown in progress at W. Elsie street. Besides the asphalt work, Wiesler still must complete widening, curb and gutter between W. Hawes avenue and Highway 41 on the east side of the roadway and all of the sidewalk replacement work.

## Board Asks Group Life Insurance Effective Sept. 1

Group life insurance for city employees who signed up will become effective Sept. 1 if the city council approves its board of public works' recommendation.

A double payroll deduction to cover the \$2,000 policies for September and October would be made Oct. 1.

The insurance would cost employees \$1.15 a month and the city the same amount.

Transfer of \$1,104 from the contingent fund will be required if the insurance is approved by the council next Wednesday night.

Equitable Life Assurance company, New York, has been approved for the contract award.

## 4-H Agent Calls For Record Books

Waupaca — All 4-H club members must turn in their record books for this year's activities to Club Agent Gene Hoyer by Sept. 10, Hoyer announced today.

The record books listing projects accomplished during the year will be processed by extension personnel. Candidates for awards will be judged by a Shawano county board of review.

Shawano judges Waupaca record books while Waupaca judges their neighboring county books.

Record books are an important phase of 4-H since it teaches members bookkeeping. Through farm records, farm management is simplified and money saved in many cases.

The top record books will receive awards at county achievement day in addition to several special awards.

## Waupaca Explorer Post Joins Activities at Milwaukee State Fair

Waupaca — Guard duty, grandstand assistance and judging activities were all part of the responsibility of the King Explorer post 246, which spent 10 days at the State fair.

The King boys and their leader Robert Paulson of King were among the 200 scouts encamped at Camp Ammon on the fair grounds. They were housed in large tents accommodating about 20 boys each and assigned to various duties throughout the duration of the fair.

One of the big jobs of the Explorers at the fair was evacuation of about 15,000 from the grandstand following a heavy 2-inch rain.

The King boys received a special honor from nationally known artist Sally Ann Zych who presented them with a scroll describing the King post as the best Scout group at the fair.

## Abandonment of City Home Eyed by Board

Mayor to Confer With County on Possibilities

An investigation of possibilities of discontinuing the city home was ordered Tuesday by the board of public works.

Mayor Clarence A. Mitchell was asked to seek a meeting with the executive committee of the county board to determine whether the county has room for the about 30 city home clients somewhere in county facilities.

The investigation order grew from talk of the Stokely-Van Camp, Inc., offer to buy part of the city home site and former veterans' housing authority site in the 1800 block of W. Spencer street.

Board members indicated they would prefer offering a larger tract than the .7 acres which Stokely said it would like to buy.

Street Barn In this event, it was said, there may not be enough room on the site for a new street department building, a project which one member said must be programmed soon.

The former veterans housing site was earmarked for a new street department building two years ago when negotiations for purchase of Pierce Auto Body Works, adjacent to the present street barn, collapsed.

Turning over of city home clients to the county may prove less expensive to the city than maintaining the

home, due for replacement shortly, it was said. The mayor also was asked to investigate the cost factors.

What About Trade? The county operates the Golden Age Home at New London, Outagamie county hospital and part of River-view sanatorium for city home type clients, it was said, and may have the room.

It might be best, it was suggested, if Stokely buys the city another street department building site and then trades for the land it wants.

The possibility will be discussed, along with the offer generally, at a conference with Stokely officials and the board Sept. 23.

55 Remodeling Largest job in the Sept. 16 package is a 17-mile stretch of Highway 55 from Highway 151 in Calumet county to Kaukauna. The road will be modernized from its 20-foot concrete width to a 24-foot asphalt surface placed atop a 9-inch gravel base. Sections of the road with poor visibility due to hills will be reconstructed.

Brillion's main street will be widened and resurfaced for its entire 3-mile length. The road will be widened from its present 38 feet to 46 feet. A bridge near the end of the street will be remodeled to full street width and includes sidewalks. Concrete will be added to widen the street, then a hot mix asphalt surface will be applied. Some of the work may be done this year, but the major part will be a 1959 project.

Committee Organized For Harold Froehlich Mrs. Peter Sinner, Appleton, is chairman of a newly organized citizens committee supporting the candidacy of Harold V. Froehlich for assemblyman from the First district.

Other officers are Edward H. Mueller and Fred Novak, vice chairmen; Mrs. Paul Lundstrom and Mrs. J. C. Wilhams, vice chairwomen; Mrs. Rinehart Gresenz, secretary, and James L. Ertl, treasurer. All are from Appleton.

County GOP Meeting Outagamie county Republicans will meet Thursday night at the courthouse annex to discuss plans for Lt. Gov. Warren Knowles' visit to Appleton Friday and activities for primary election day, Urban Van Susteren, county chairman, said today.

Flush Alley Firemen flushed the alley behind 207 W. College avenue of spilled fuel oil about 3:35 Tuesday afternoon. The oil was being delivered to a basement storage tank by Lutz Ice company when there was an overflow, firemen said.

## 3 Highway Projects Bid Dates Sept. 16

Final 41 Structure, Remodeling of 55 to Kaukauna Planned

The state highway commission has announced Sept. 16 bidding dates on three projects in the Fox Cities area and opened the apparent low bid on 6 miles of Highway 41 near Oshkosh. Green Bay District Engineer LeRoy Empey made the announcement.

Low bidder on the Highway 41 grading job between Highways 26 and 21 was the Boulevard Construction company, Casco, for \$1,618,301. Included in the work is an overpass structure carrying County Trunk K over 41 and moving the trunk road slightly to the north.

The final structure in the current series of Highway 41 traffic interchanges will be the 45-41 intersection near Oshkosh. The interchange will be of the type already under construction from Highway 26 through Highway 10 on the superhighway. The project includes a bypass to be built to carry traffic around construction work. Grading and paving contracts will be let next year.

## Highway Marker Signs Found in Town of Clayton

Oshkosh — Seven highway marker signs were found strewn over the Alvin Jensen farm in the town of Clayton this morning. Sheriff Charles Lowry was investigating possibility of a connection with stolen stop signs involved in the traffic death Sunday of Earl Stroetz, Menasha.

Stroetz was fatally injured in an auto accident in Calumet county. A contributing factor was theft of stop signs at the intersection of two town roads.

Mrs. Jensen found the highway marker signs in a quarter mile area along the road in front of the farm. Highway department crews are checking to see if any more signs are missing.

The signs include five large yellow diamond-shaped signs indicating stop ahead, winding road, narrow bridge, sharp curve or S curve. Three informational signs which indicated "County Trunk MM," "Village of Larsen" and "15 miles to Oshkosh" also were found. The signs had been unbolted from posts.

## Pastors Hear Recording by Former Bishop

Registration for Annual Sessions Set Record Today

The playing of a tape recording of a sermon by the late Bishop Edwin Holt. Hughes was a highlight of this morning's session at the Wisconsin Area Methodist Pastors' school currently being held at First Methodist church.

Bishop Hughes delivered the sermon as the final act of his interim administration of the Wisconsin area prior to the elevation of Bishop H. Clifford Northcott to the episcopacy.

Registration at the annual event increased to 215 today, a new high, according to the Rev. Milton Weisshaar, Oconomowoc, registrar.

Tonight's sermon, at 8 o'clock and open to the public, will be delivered by Bishop Nolan B. Harmon of the denomination's Charlotte, N. C., area and its emphasis will be on training materials used by pastors in preparing young people for membership in the church.

This afternoon's recreational program will feature a baseball game between the two conferences of the area at Telulah park after which a picnic dinner will be served. The school's final session will be held at noon Friday with an address by the Rev. Dwight E. Loder, president of Garrett Biblical Institute, Evanston, Ill.

## Rural Chilton Man Charged in Wife Shooting

Chilton — Gerald Dimmick, 54, route 4, Chilton, was returned to Calumet county jail on a continued bond of \$10,000 after a preliminary hearing in justice court this morning in which he was charged on two counts of shooting his wife, Nell, 62, Aug. 11.

Dimmick was charged with causing injury by conduct regardless of life and injury by a high degree of negligence in the use of weapons. He appeared before Justice of the Peace Wilbur R. Winch.

Mrs. Dimmick's left arm was nearly shattered by bullet wounds. The shooting spree was the result of several weeks of domestic trouble at the couple's farm home, it was said.

# Intricate Plays Send Smith Bill Off Floor

Nixon's Fortunes Brandised by Both Sides Against Anti-Court Forces

BY ROWLAND EVANS JR.  
Washington—The story really began that day in May, 1954, when the supreme court handed down its historic decree holding that segregation in the public schools was unconstitutional.

It ended, or at least a vital chapter ended, in a dramatic climax late on a recent night in the senate. A remarkable display of legislative black-magic, a strange and occult art for which Sen. Johnson is justly famous, swept from the senate floor the Smith bill, the potent weapon of rebuke the anti-court coalition had wheeled up against the supreme court.

This bill, already approved in the house, would not directly have touched the school decision. But as a symbol it was

While Joseph Alsop is on vacation his column will be written by Rowland Evans, Jr.

a supreme test for both sides. In a word, its approval would have established the court's vulnerability. Who could then be certain that new, more daring attacks would fail? Having been taken to the congressional woodshed once, the high court might easier be taken there again.

**Nixon Angle**  
The Smith bill, in short, had to be sent back to committee and by a combination of ingenious plays it finally was. Oddly enough, the fortunes of Vice President Richard M. Nixon were brandised by both Democratic and Republican leaders wooing support for their fight against the anti-court coalition. Viewing the prospect from opposite sides, they conjured up the effect of a tie vote on the political future of Nixon.

The same precise strategy, realigned 180 degrees, was conducted by the Democratic leaders. Several Democrats, inclined to support the anti-court coalition, were privately warned that Johnson had lined up the required votes to defeat the court-curbs if they would only withhold their own votes. If they voted, they were told, they risked locking the senate in a tie. Who could possibly profit from a tie but Vice President Nixon, who would get all the glory?

Consider what Sen. Johnson and Sen. Dirksen, Sen. Knowland's heir apparent as Republican leader, were up against? Only the previous night the senate had refused, by a generous 7-vote margin, to kill the Smith bill by tabling it. Johnson had carefully balanced the odds on that impending vote. Alert lieutenants, buttonholing senators and toting up practice roll-calls, had assured him that ample votes were available.

**Misjudged Impact**  
But both Johnson and his incomparably able staff had fatally misjudged the emotional impact of Sen. Douglas' red - flag amendment. Douglas demanded that the senate vote its "full support, belief and approval" of the court's school - integration decree. 29-head, 66.7 per cent.

that Johnson had counted as secure disappeared in the inflammatory debate that followed the Douglas amendment. When that first vote came on the Smith bill, Johnson had for the moment lost control.

There could be no retreat by Johnson and Dirksen. Skillful use of the Nixon ploy, and the voluntary "delay" in Sen. Frear's official return from the south, changed the composition of senate forces. So did the decision of three senators to switch their votes from the previous night's balloting. Sen. Lausche, Sen. Bennett and Sen. Malone, all recorded as against tabling, now voted for recommital. Finally, two "live" votes available to be cast against recommital were persuaded to pair with absent senators who favored recommital. The effect of pairing is to wash out both votes, in effect neutralizing the "live" vote.

When all the black magic had wrought its wonders, the vote was 41 to 40. And there assuredly ended the most determined legislative assault on the supreme court since Reconstruction. Of such fragile stuff are great decisions made.

## Mastey Cow Tops DHIA

108-Pound Test Leads Report, Vegoe Hard Noted

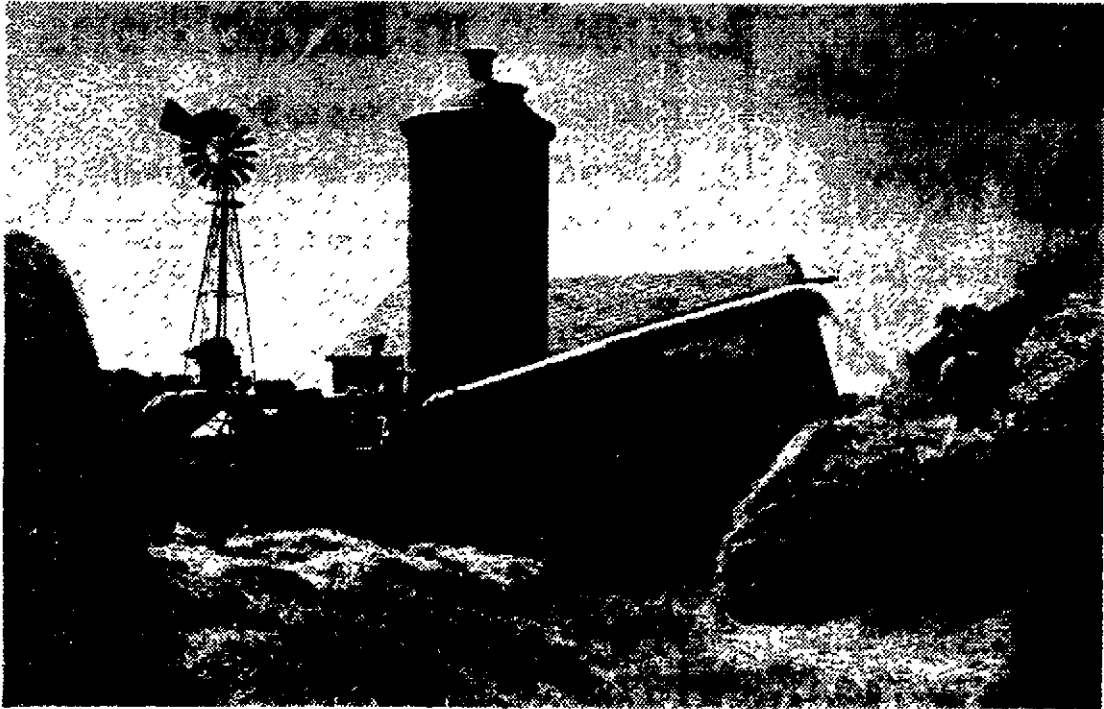

A cow owned by Florian Mastey topped the current Dairy Herd Improvement association report with a test of 108 pounds of butterfat. Ing Vegoe's 14-head herd topped the list for producers over 40 pounds of fat. Vegoe's herd was 85.6 per cent over the mark.

A cow owned by Biese Brothers placed fourth in the list with a 92-pound test. The 24-head herd was 67.6 per cent over the 40-pound mark. It was the only herd of the top 10 cows to report a leading percentage over 40 pounds.

Robert Krohlow's cow placed second with a 105-pound test. A cow owned by Bert Weyenberg with a 96-pound test placed third.

**Top Cows**  
Other top cows were owned by Herman Stichman, 91 pounds; Marvin Krahn, 90 pounds; Karl Neilsen and Arnold Lemke, both 89 pounds; Leo Schampers and Chester Appleton, both 88 pounds.

The other top herds included Ervin Conradt's 18-head, 83.3 per cent over the 40-pound mark; Oscar Miller No. 1's 32-head, 78.1 per cent; Arnold Volkman's 36-head, 77.7 per cent; Albert Brun's 18-head, 72.2 per cent; Darrell Bottrell's 14-head, 71.5 per cent; Edward Rahmlow's 23-head, 69.5 per cent; Len Voight and Sons' 37-head, 70.2 per cent; and Robert Jeske's 29-head, 66.7 per cent.

## Shawano Fair to Feature Governor in Ostrich Race

Gov. Vernon Thomson will abandon the GOP elephant on which he has been racing politically Saturday afternoon in favor of an ostrich.

His participation in the wild animal race is one of the highlights of the Shawano county fair at Shawano which gets underway Friday.

Competing with him in the race will be the mayor of Shawano, the chairman of the county board, the president of the Chamber of Commerce and a radio station manager. The race will be a feature of the Gene Holter Wild Animal acts to be presented in the afternoon and evening Saturday. The Menominee Indian band will present a concert in the evening also.

## J. C. Penney Company Opens Four New Stores

New York — J. C. Penney company has opened four stores in various sections of the nation, three of them established units opening in new quarters and the fourth a new store in a suburban shopping center.

Existing stores opening in new quarters are at Shelton, Wash.; Corning, N. Y., and Alameda, Calif. The new unit is in the Mid-State Shopping Center, East Brunswick, N. J.

The openings are part of a store modernization and expansion program covering 190 Penney stores this year, the company said. The junior department store chain operated 1,691 stores at the end of July.

## Junior Entries for Waupaca Fair Top Last Year's Record

4-H Club Members Lead Other  
Groups at Weyauwega Exhibition

Waupaca — Junior entries for the Waupaca county fair at Weyauwega, Sept. 4 through 7, number 685 compared to 682 entrants in last year's fair, according to Gene Hoyer, county club agent.

The entry total includes 618 from 4-H club members, 47 from FFA club members and 20 entries from FFA girls.

Junior fair exhibitors must be under 21 years of age and must be enrolled in the project in which they exhibit.

Department Heads  
Supervising department heads of exhibits include Oscar Long, dairy cattle; Don Hohman, swine; James Miller, sheep; E. A. Hutchinson, poultry; Kenneth Fehrman, rabbits; Arthur D. Larson and Ronald Elmhorst, woodwork; Mrs. Henry Moeller and A. W. Polich, crafts, and Ronald Elmhorst, conservation.

Others are Mrs. Harold Heibach and Mrs. Kenneth Waid, clothing; Mrs. Melvin Buskirk, home furnishings; Miss Evelyn Kapitke, food preservation and Mrs. Clarence Regal, foods and nutrition.

General supervisors are Gene Hoyer, club agent, and Mrs. Kathryn Tubbs, home agent. Assistant supervisor is LaVern Korb.

## Post-Harvest Thistle Crop Can be Killed

A big thistle crop may spring up after the harvest of canning peas, sweet corn or small grain, warns Don Peterson, agronomist at the University of Wisconsin.

He says this is a good chance to control thistles. With proper treatment, there can be a complete kill.

Treat thistles when growth reaches eight inches or more in height. Apply 2, 4-D amine or ester at the rate of one pound acid equivalent per acre. You could also use amino triazole at the rate of four pounds active ingredient in 20 or more gallons of water per acre.

Amino triazole is more expensive than 2, 4-D but it is usually much more effective, says Peterson.

He recommends plowing thistles two or more weeks after treatment for improved control.

## Pea Crop Sets Yield Record

Total Pack Down  
Less Than Cut in  
Acreage Indicates

Post-Crescent Madison Bureau

Madison — The state's production of peas for canning declined about 14 per cent this year, but the output per acre may have set a new record nevertheless, the Wisconsin Canners association said today.

The association said reports from all Wisconsin canners showed the state's pack to be 13,160,930 cases of all sizes, which on the basis of standard cases amounted to a cut of 14.5 per cent from the production level of last year.

But U.S. government acreage reports put the harvested acreage of Wisconsin peas for processing at 131,800 in 1957 and 104,900 this year. The acreage reduction amounted to 21 per cent.

Higher Yield  
Comparing the yield with the acreage, the association said the yield per acre "apparently was 8 per cent higher this year than last. If this is true, it means that the 1958 pea crop set a new record in yield per acre because the 1957 yield of 2,480 pounds had tied the previous record yield."

More precise computations will be made later.

Meanwhile the first reports from sweet corn canners showed a substantial reduction of yield resulting from unfavorable growing conditions and especially dry and cool weather.

Kernels are small and ears poorly filled, according to first reports.

The crop of green and wax beans has been yielding well, but currently some declines are reported due to dry weather. Later plantings of beans are also suffering from lack of rain, and canners expected that the later lima bean yields will suffer from drought conditions.

## Waupaca Girls Win Ribbons At State Fair

Waupaca — Waupaca county girl 4-H club members participating in State fair home-making activities came home with a blue and a white ribbon, according to Mrs. Kathryn A. Tubbs, home agent.

The blue ribbon winner was Marjorie Zander of the Friendly Valley club who took honors with a sports outfit consisting of peddle pushers and a blouse.

A white ribbon was won by Betty Astell of Casey lake club who modeled a blue wool dress in the state revue competition.

Another county member, Shirley Nelson of the Casey lake club, participated in the cooking division, but winner's names will not be released for several weeks. Miss Nelson presented a nut-bread baking demonstration.

The girls in the dress revue left Waupaca Monday and returned Thursday. Miss Nelson left Thursday and returned home Sunday.

Riding Club, Western Ranch Program

Chilton — A revival of interest in riding horses in the Calumet county area will bring a new equestrian event to the Calumet county fair bill.

The recently organized Calumet County Riding club will give its first show at 7:30 Sunday evening when a troop of 25 riders will be featured in a display of fancy riding and games played on horseback. The show will precede the Al-bright's circus presentation before the grandstand.

The club, which was organized several months ago, now has a membership of 42. The group holds get-togethers at the various farms throughout the county and have had all-day outings during the summer months. A trail ride is planned this fall, according to Arthur Propson, president.

Strong Horse Favor  
Two decades ago the Calumet county fair featured a strong horse show on its entertainment bill—with both saddle and harness racing holding the spotlight.

Horseman events were discontinued the years immediately preceding World war II. Renewed interest and demand from the area has returned several horse acts to the fair program in the last two or three years.

The 1958 fair, which opens Friday for the weekend, will bring the most varied program of horsemanship exhibitions to be shown in almost 20 years.

On Monday afternoon and evening, the Golden Horse Ranch Thrill Show will be a grandstand feature.

The show will consist of 12 western acts with a troupe of colorfully dressed cowboys and cowgirls in trick and fancy riding, chariot races, Roman racing, hurdle jumping, dancing horses and pony drill.

Butch Rivers, Hollywood stuntman, will jump his horse, Showboat, over a convertible auto. Another innova-

tion will be a race between two Brahma bulls and a high jumping Brahma act.

Hank Martin, with his mule Red Pepper, will appear throughout the act.

A horsemanship contest for both light and heavy classes will be featured at 10 o'clock, Sunday morning. Cash prizes totaling \$300 will be awarded top pulling teams.

A light horse and pony project has also been included in the junior fair division for 4-H club members.

## CASE

America's Lightest Running Chopper

With a new "221" series, Case Forage Harvester and your present tractor, you can chop heavy grass or tall corn faster because less power is required. Case Choppers save power because of simple design, few moving parts, light weight with great strength, oil-bath gears, anti-friction bearings. You save more power, get still greater capacity at low wheel speeds with Case six-knife models, especially at longer cuts for which they can be set.

## Chops Forage Any Way You Want it

Today's Widest Choice of Attachments

One man alone can easily put on or take off the Case quick-change units — today's widest choice of attachments for forage harvesters. The regular and "short-corn" row-crop units chop corn, sorghum and other crops for silage or green feed. Windrow pick-up handles wilted hay for barn finishing, or fully cured hay. The 60-inch "green-chop" cutterbar is adapted to daily feeding and short hay stands. Draper cutterbar cuts heavy stands for grass silage or dehydrating. The corn harvester picks corn and chops stalks for silage, bedding, or mulch.

Six-knife models — "220" for PTO operation and "225" with engine — chop full range from extra-short for silage to extra-long for hay or green feed. Economy Model "210" has 4-knife wheel and regular range of cut. Drop in and see us — get the full details.

## Exhibitors at Junior Fair Vie for Prizes

**Awards Scheduled in 24 Classes During Calumet County Fair**

Chilton — Junior exhibitors at the Calumet county fair, which opens Friday and continues through Labor Day, will compete for prizes and achievement awards in 24 classes in the county's annual display of 4-H and FFA projects.

A total of 427 young exhibitors have registered projects with Herbert Harder, secretary of the fair association. Harder said only a few of the 4-H club members had entered single projects and many have indicated they will exhibit in five or six classes.

Complete count on the junior fair displays are expected to be in excess of 1,100 entries, according to Lowell L. Pierce, club agent.

**New Classes**

Two new classes have been added to the junior fair division, this year. A first year project in photography will be opened to 4-H members. The classification will offer awards for the best picture story with six or more of any series; six

pictures on any subject; and one 5 by 7 enlargement, or larger, on any subject with picture record and statement about the picture.

A wood sampler division has been added to the conservation class with prizes to be awarded for the best displays of 30 forest trees, 20 samples of wood from forest trees, and 20 forest tree flowers.

A total of 200 cattle have already been entered in the junior fair, 100 hogs, and 145 chickens have also been registered.

**Horses and Ponies**

Among the other animal exhibits will be the light horse and pony projects open to club members of 12 years or older. Premiums will be awarded for both ponies and saddle horses to be shown at halter or in the saddle.

In other fair departments, more than 200 educational exhibits from 10 county and parochial schools were judged by education officials Tuesday morning. Judging on the school displays was done early to expedite the judging of open class and 4-H displays to be shown in the exhibition building.

Judging in most other departments will be done Saturday.

At least 25 more head of livestock has been entered in open class competition than in any previous fair year, Harder said.

This Senior Milking Shorthorn Calf was one of the blue ribbon winners exhibited by Calumet county 4-H members at the State fair. Herbert Harder, Jr., route 1, Chilton, owner of the winning calf, also placed second in the junior showman contest at the fair.

## Midwest Fruits, Vegetables Tabbed Plentiful for August

Midwestern fruits and vegetables will receive some special promotion help during August from the U.S. department of agriculture's Plentiful Foods program.

Peaches, watermelons, potatoes, and the whole roster of summer vegetables are classed as plentiful by the government agency, and in the midwest, emphasis will be placed on those which are home grown.

Through its Chicago office, the Agricultural Marketing service will report to midwestern consumers on the abundance of these crops and offer suggestions on how to use them.

**Extra Emphasis**

Peaches will receive extra emphasis, because the crop is the largest in several years.

The government agency again lists fats and oils as plentiful foods, largely because of the large soybean crop last year, which supplies a large percentage of the nation's shortening, margarine and other fats.

The only plentiful food for August not produced in the midwest is lemons. California's crop is reported to be almost one-fifth larger than average, and so the monthly list of plentiful foods includes fresh lemons, bottled juice, and frozen lemonade concentrate.

## The County Agent Says

What chemicals are recommended for mosquito control?

DDT still gives excellent results. A new chemical related to DDT called Dieldrin is also very good. These materials can be sprayed on shrubbery, tree trunks, porches, screens, and other mosquito nesting places. It is also important to spray stagnant water to destroy the breeding places.

How can fruit stains be removed from cotton materials?

Boiling water removes most fruit stains from cotton except peach, pear, plum and cherry. Stretch the stained part over a bowl, fasten it with string and pour boiling water on it from a teakettle held at a height of three to four feet. If stain remains, squeeze a little lemon juice on it and place in the sun to dry.

What causes jelly or jam to darken at the top of the container?

Storage in too warm a place. Or, a faulty seal that allows air to leak in.

The South Side Athletic Club's John Gurholt goes into third base as Dennis Saubrich grounded into an infield out in the first inning of Tuesday night's City Softball tournament championship game with Interlake. Gurholt, who had two of SSAC's five hits, later scored but Interlake won, 5-3.

# Interlake '9' Takes City Softball Title

## Diener Defeats SSAC, 5-3, on 5 Hits for 4th Tourney Win

BY MIKE DREW  
Post-Crescent Staff Writer

Bob Diener, who started playing six tricks with a softball before some of his present-day ball-playing contemporaries were born, hurled Interlake to the Appleton City tournament title Tuesday night.

The "old master" right-hander set down the South Side Athletic club on five hits as Interlake pocketed an exciting 5-3 victory before several hundred fans.

Exhibiting fine control and mixing up his fastball and a sweet change-of-pace, Diener set down 10 SSAC batters on strikes and walked none. In the second and third frames he fanned six straight batters.

Pair of 1-Hitters

The 39-year-old veteran was pitching in his sixth game in the last week, two in the state softball meet in Oshkosh and four in the city meet.

Diener twirled two 1-hitters and two 5-hitters in guiding Interlake to the city championship. His 1-hitters beat Riverside No. 2 and YMCA, both by 5-0 scores. His 5-hitters eliminated Appleton Coated, 8-1 — in the semi-finals — and SSAC.

Loser Dave Schuster pitched pretty good ball too Tuesday, allowing seven hits, fanning one and walking two.

Wettengel's walked off with the consolation crown on an 11-7 win over Coated.

Interlake third baseman Syl "Mouse" Mauthe, another veteran whose ability and hustle belie his years, provided Diener with nifty support both in the field and at bat.

In his four appearances at the plate Mauthe doubled, singled and sacrificed what proved to be the winning run into scoring position. He drove in two runs.

At the hot corner he made one sensational play and two other eye-catchers.

Doubles Twice

Interlake catcher Lloyd "Bud" Koehnke doubled twice in four trips and did a nice job of handling Diener's variety of stuff.

## Bucs are 'For Real'

### Pirates Back in 2nd After Beating Cardinals

By The Associated Press

Maybe it's time to admit those pesky Pittsburgh Pirates are "for real."

With only 4½ weeks left in the National league race, the Pirates are back in second place—fighting for their first finish in the first division in a decade. They haven't finished as high as second since 1944, when they wound up 14½ games behind the St. Louis Cardinals.

They're now eight games behind league-leading Milwaukee, moving up from third by beating the Cardinals, 5-3, last night after the Braves had slapped down the Giants again, 7-3.

Captures 14th

Robin Roberts, riding a comeback spurt, won his fourteenth as Philadelphia whipper the Chicago Cubs, 10-3, Cincinnati defeated Los Angeles, 6-4.

The Bucs wrapped it up on Frank Thomas' 2-run, thirty-fourth homer for a 4-1 lead in the third inning. Don Gross the mishap cut short a 3-(5-3) won it in relief of rookie under-par round. He was George Witt. Sad Sam Jones walking up the 18th fairway (11-10) was the loser. Gene Green hit his tenth homer, with a man on, for the Cards.

The Cubs grabbed three runs in the first, capped by Walt Moryn's nineteenth homer with one on. But then they were shut out on two hits by

# Foxes Down LC-K In Exhibition Game

## Sadowski Gains 4-2 Decision Over Schmidt; Hank Peerenboom Gets Four Hits for Losers

BY JIM VAN HORN  
Post-Crescent Staff Writer

Two veterans met in the ninth inning Tuesday night as Fox Cities Manager Pete Suder made a rare appearance on the mound, coming in with two out to strike out Little Chute-Kimberly Co-manager Elmer Kobs to end the game.

Suder's performance capped the Foxes' 4-2 win over the Fox River Valley league second round champions in an exhibition game at Goodland field. Ted Sadowski, who pitched the first 8 2/3 innings for the Foxes, got credit for the win. LC-K pitcher Bob Schmidt, whom Kobs batted for, absorbed the loss.

After an off day on the Three-I league schedule, the Foxes will play Winona tonight at the Athletics' park. Earl Furlow (3-3) will take the mound.

A total of 894 fans — mostly from Kimberly and Little Chute — watched the game. The total announced attendance, including season tickets and other advance sales, was 1,007.

Little Chute-Kimberly catcher Hank Peerenboom, who has earned a tryout with the Senators, had a perfect 4-for-4 at the plate, including a double and a 2-run single.

Van Dyke Triples

The Foxes cinched the game with a 3-run fourth. Bob Van Dyke tripled off the center field wall and scored on a passed ball by Peerenboom. Hank Marockie singled, nullifying the effects of the passed ball since the run would have scored anyway.

Sadowski forced Marockie at second and was barely safe at first himself. Don Dantoni then singled to right, but the ball went by Gene Peerenboom, allowing Sadowski to score. Bob Maulick, who took the relay from right, threw wild to third in an attempt to get Dantoni, allowing the Foxes shortstop to score also.

The Foxes scored earlier in the second as Van Dyke singled to right, stole second,

### But Average Falls Below 1,000 Mark; Burlington Drops

Though dropping below a 1,000 average, the Fox Cities Foxes have moved up a notch (from fifth to fourth) in the Three-I league attendance race.

For the latest survey period shown in the accompanying table — covering games through Aug. 23 — the Foxes had drawn 56,244 fans in 57 dates an average of 987. (Including Sunday's and Monday's home games, the Foxes have drawn 57,191 in 59 dates).

With the Bees having trouble winning consistently in recent weeks, the Burlington gate rate has dipped to 976 — fifth in the league. Winona remains last but has upped its average to 915.

Cedar Rapids, which has already passed the 70,000 mark, has clinched season honors with a 1,348 average.

## Cleveland Mayor Believes Indians Won't Move

Cleveland — (AP) — The mayor said Tuesday "I have reason to believe the Indians will stay in Cleveland."

Mayor Anthony J. Celebrezze made that remark at a meeting of a Back-the-Indians committee organized recently by City Council President Jack Russell.

He did not elaborate on the statement, but said "I think it is an appropriate time for (board chairman) William R. Daley, (vice president) Nate Dolm or someone with the club to say that it will remain here at least through next year to give you an opportunity to build this thing up that you have started."

## Slate Player Awards to Foxes Sept. 3

Three player awards will be presented at Goodland field Wednesday night, Sept. 3, when the Fox Cities Foxes play their semi-final home game of the season against Davenport.

Pond's Sport shop will present a trophy to the most valuable player. Votes of the team and Manager Pete Suder will determine the winning player.

Berggren's Sport shop will award a trophy to the most popular player, as determined by fans. The voting booth is located below the stands.

Spector's jewelers will present a trophy to the "best team player." Voting for this award will be done by sports writers and broadcasters.

## Kansas City Signs 'Perly' Johnson, '58 Silver Slugger

Eau Claire — (AP) — Merlind "Perly" Johnson, a 20-year-old infielder who won a trip to a Milwaukee Braves minor league tryout camp. Tuesday signed a bonus contract with the Kansas City Athletics organization.

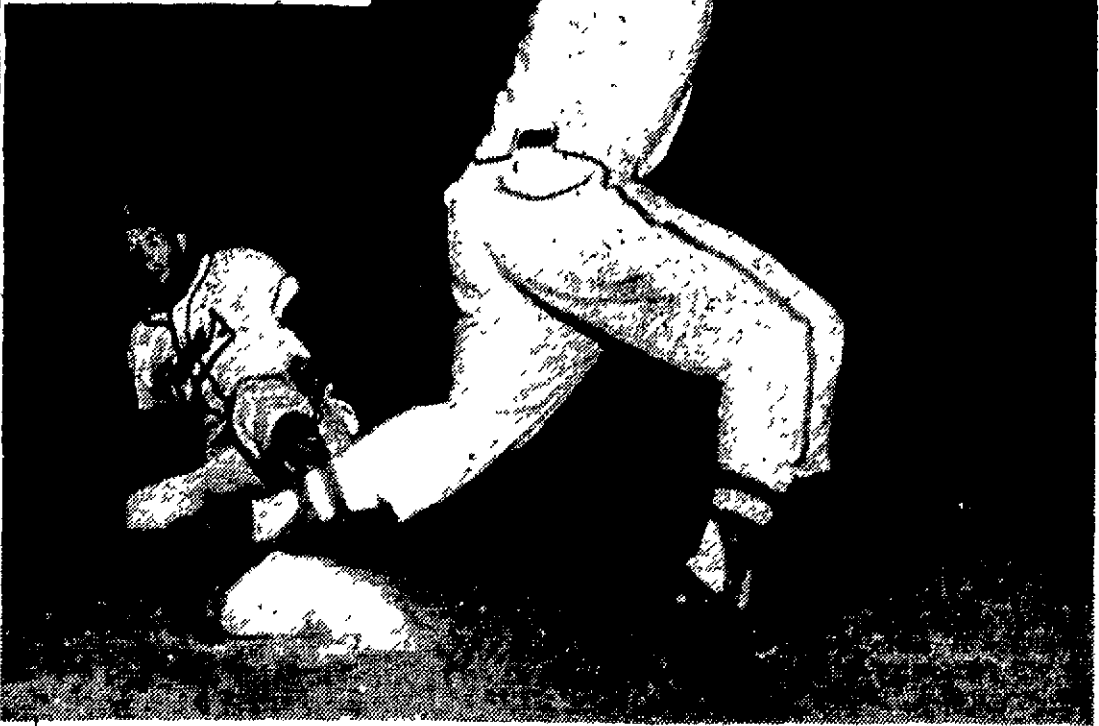

Johnson, a shortstop-third baseman, was signed to a 1959 contract with Pocatello, Idaho, in the Class C Pioneer league. The amount of his bonus was not disclosed.

He is a product of the Silver Sluggers, a group of outstanding baseball players from Wisconsin and Upper Michigan. The program was sponsored jointly by the Braves and state newspapers.

Johnson was to have attended the Braves' minor league camp at Waycross, Ga., next spring.

## UW's Hart, Sprague Eligible for Fall

Madison — (AP) — Athletic director Ivan Williamson said today that two more University of Wisconsin football players who attended summer session courses passed their subjects and became eligible for the 1958 season. They are Eddie Hart, halfback from Kenosha, and Charles Sprague, a tackle from Racine.

Jim Nisewonger of the Fox Cities Foxes slides into third base safely as Jim Vandewettering of the Little Chute-Kimberly Papermakers stretches for the ball. The action occurred in the eighth inning as the Foxes beat Little Chute-Kimberly, 4-2, in an exhibition game Tuesday night at Goodland field.

# Fans to Get Good Look at All Packers in Eagle Tilt Monday

## McLean Says Veterans Will Start But Rookies to Move in Quickly

Post-Crescent News Service

Green Bay — Packers fans won't be short-changed at the Philadelphia Eagle game at City stadium Monday afternoon.

"We want to get a good look at every player in camp, and we'll show them all. A veteran team will start but the rookies will soon be in there, working in with the veterans," Coach Ray McLean said today.

And what about Joe Francis, promising rookie quarterback who did so well in the recent squad game?

Tested Both Ways

"Joe will be tested both ways — at quarterback on offense and at cornerback on defense," McLean pointed out, adding: "but we won't try him at quarterback unless we get the weather."

McLean was referring to the Pittsburgh game in which Francis was held out because of the downpour. "It was bad enough for our regular quarterbacks in that weather — much less an inexperienced one," Bart Starr and "Babe" Parilli shared the qb'ing.

McLean said he is anxious to see what rookies Dick Christy, Jim Taylor, Roy Hodge and Jim Shanley can do against an enemy defense.

Defensively, McLean said, "we'll work our new linebackers and backs right into the action — sometimes with veterans and sometimes without. We won't stick with the same unit; we'll mix it up."

Shape Plans

This game will help McLean and aides Jack Morton, "Breezy" Reid, Ray Richards and Nick Skorich shape their plans for the future. "After this game we can start thinking about certain units and we then can let them play together so that they become familiar with each other's movements," McLean pointed out.

In view of the fierce rain during the Steeler game, the

# Braves Shove Giants Into Third Place

## Burdette Spears 100th Victory Of NL Career

San Francisco — (AP) — The defending champion Milwaukee Braves sprayed base hits and home runs all over St. Louis Cardinals Tuesday as they whipped the San Francisco Giants who fell into third place and just about out of the National league race.

Low Burdette and four home runs, two of them by Ed Mathews, were too much for the once-challenging Giants, defeated, 7-3. They fell nine games back and the Pittsburgh Pirates moved into second, eight games behind the Braves.

100th Victory

It was the 100th victory of his major league career for righthander Burdette who allowed but six hits in posting his fifteenth victory of 1958 against nine defeats. He hit three singles in four trips in the Braves 17-hit attack.

While Milwaukee Manager Fred Haney declined to talk about another World Series date, he did say Burdette was having the same kind of season he did in 1957 when he finished the year by beating the New York Yankees three times in the fall classic.

6th in Row

It was Burdette's sixth straight distance performance and his ninth triumph against two defeats since the All-Star game. He fanned four and walked three in taking his eleventh straight victory over the Giants during a span dating back to September 1954. It was the eighth straight Milwaukee victory over the Giants who trail, 5-14, in the season series.

Asked about a 1958 World Series, Burdette said, "I'll be ready when it opens."

Burdette's roommate, Warren Spahn then grabbed the conversation saying: "Don't think the Giants don't know we're their masters after this. They know it and don't forget it."

As for taking the title, Spahn said: "All we have to do is play 500 ball from here on in and we've got it clinched. We played only 500 ball on this trip and haven't lost a thing, and it looks like we'll be tougher. I thought we hit our peak in the last three games."

Amid the cheering, there was one note of gloom—the condition of the throwing arm of young right-hander Joey Jay, who may be lost for the rest of the season. The management has refused any kind of comment.

"Not so Good"

The only information on the subject came Tuesday from Jay after 10 minutes on the mound during batting practice. He said, "It's not so good."

But apparently ready to take his place in the rotation

## Dav-Sox Drop Burlington

### Winners Score 11 In Second; Bees' Dixon Takes Mound

By The Associated Press

Davenport drubbed Burlington, 13-4, Tuesday night and took a stronger hold on third place in the Three-I league.

An 11-run second inning was more than enough to lift the Dav-Sox past the fourth-place Bees in the only league game played.

Eight hits, an error, two walks, a passed ball and a wild pitch kept the big inning going. Three pitchers were raked, with even catcher Gordon Massa taking a turn on the mound. Manager Walt Dixon, who is not ordinarily a pitcher, took over in the sixth and held Davenport scoreless the rest of the way.

Don Mincher and winner Bryant Waddell each socked three hits. The crowd of 1,117 brought Davenport's season attendance to 57,535.

fielder Lowell "Skip" Koehnke misjudged Jack Kotke's fly ball, then finally caught up with the ball and dropped it for a 3-base miscue.

At Dusk  
(Both outfield errors came at dusk, when visibility was not good. Koehnke later redeemed himself with a diving catch of a fly ball by the same Kotke during Jack's next appearance at the plate in the fourth.)

Interlake tied the issue in the third when "Bud" Koehnke pumped a sinking line drive into left field which the umpire ruled Zebik trapped. Koehnke stopping at second, "Bud" went to third on a wild pitch and scored as Mauthe went out in the infield.

The winners moved on top to stay with a singleton in the fourth. Diener walked and then was safe at second when Milt Drier bunted in the infield. Drier reaching first on the fielder's choice.

Ken Hinz moved the runners up with a sacrifice, and then Diener came home on an infield out.

Interlake collected another singleton in the fifth. Brandt walked, was sacrificed to second by Mauthe and raced all the way home when right fielder Dennis Sauberlich mis-played "Skip" Koehnke's short fly ball for a 2-base error.

But SSAC wasn't through. Bob LaPlante opened the sixth with a pop fly single to right and Zebik fanned. Mauthe made a great stop at Guhlolt's shot towards left but LaPlante beat the throw to second. Mauthe speared Sauberlich's liner for the second out. Then Kotke lofted a pop up into short left field which fell for a double when Hinz couldn't get under it, and LaPlante raced home.

With the tying and lead runs on second and third, Bruce Kobs bunted and was thrown out at first to retire the side.

Interlake collected its final run in the seventh when "Bud" Koehnke doubled to left center field and hustled all the way home as the left fielder fell down before throwing the ball in.

Ken Lang, who allowed eight hits, picked up the win in the consolation game. Catcher "Butch" Fahrenkrug whacked a 3-run homer in a 6-run Wettengel second inning and teammate Joe Thiesen blasted a solo homer in the fifth. Harvey Miller went all the way for Coiled.

New York Yankees' Bob Cerv of the Kansas City Athletics? Those three appear to be the leaders. Jensen because of his 33 home runs and league-leading runs batted in. Turley because he has become the ace and steady guy on a championship staff, leading the majors in victories and topping the AL in complete games and strikeouts. Cerv because of his batting bat—the man who carried the A's most of the season despite all sorts of serious injuries.

Faces Jinx  
Each faces a jinx. No Boston player has won the MVP award since Ted Williams in 1949. No Kansas City player ever has won it, and no A's man has done it since 1952, when Bobby Shantz took it.

While a Yankee has been the winner in the last four years, no pitcher has won since Shantz, the little lefty now working for the Yankees.

Turley won his nineteenth last night with a 6-2 decision over the A's. He gave up eight hits, two of 'em by Cerv, who moved within .002 percentage points of idle leader Pete Runnels of the Red Sox. Baltimore defeated Cleveland, 1-0, in 12 innings, with Fec Brown outlasting Don Ferrarese, and the Chicago White Sox defeated Washington, 5-2. Detroit and Boston were idled by rain.

Maris Homers  
Turley faced eight men in the first inning, and trailed, 2-0, before he got to the third man. Roger Maris followed a leadoff walk to Bob Martyn with his 23rd home run. Cerv, doubled in the first inning, but Turley fanned Joe DeMaestri with the bases loaded for the final out and blanked the A's on six hits the rest of the way.

The Yankees collected 14 hits, all but one of 'em singles. Jack Urban (8-9) won it. The Orioles, held to two singles for 10 innings, finally put it away when a walk and singles by Billy Gardner and Jim Busby loaded the bases and Ferrarese's sixth walk, to Dick Williams, forced the run home. Brown, now 6-3, gave up nine hits—seven of them split by Minnie Minoso, who had four, and Billy Moran.

Early Wynn, (11-13) backed his 7-hitter with a pair of RBI singles off loser Russ Kemmerer (6-13). Sherm Lollar hit his eighteenth homer for the Sox, while Clint Courtney doubled home the Nats' pair.

Six Win Blind Bogey Prizes at Riverview  
Prize winners in Riverview Country club's latest blind bogey tournament were Rudy Vogt, Bob Barlament, William Gallagher, Lloyd St. Pierre, J. S. Wells, Vince Jones and Al Zupke.

Barlament's 2-over-par 74 paced weekend shotmaking. Russ Bauman had a 76 and Vogt a 79.

Ken Lang, who allowed eight hits, picked up the win in the consolation game. Catcher "Butch" Fahrenkrug whacked a 3-run homer in a 6-run Wettengel second inning and teammate Joe Thiesen blasted a solo homer in the fifth. Harvey Miller went all the way for Coiled.

# Robin Roberts Regains Form After 10-22 Mark Last Season

Chicago — Right-hander Robin Roberts, the once peerless craftsman who flopped to mediocrity last year, has found himself.

Roberts, 31, tossed a 4-hitter at the Chicago Cubs yesterday for the Philadelphia Phillies winning, 10-3. It was his fourteenth victory against 11 defeats.

In a late season surge, his seventh win in nine starts gives him an outside shot for 20 victories, a feat which he had a 28-7 mark in 1952.

Two years ago, the Springfield, Ill., native slumped to a 19-18 campaign. In 1957, he plummeted to a 10-22 season, serving up 40 home run balls to lead the National league.

"I don't know what was wrong with me last year," he said. "I guess I was pressing too hard after a horrible start."

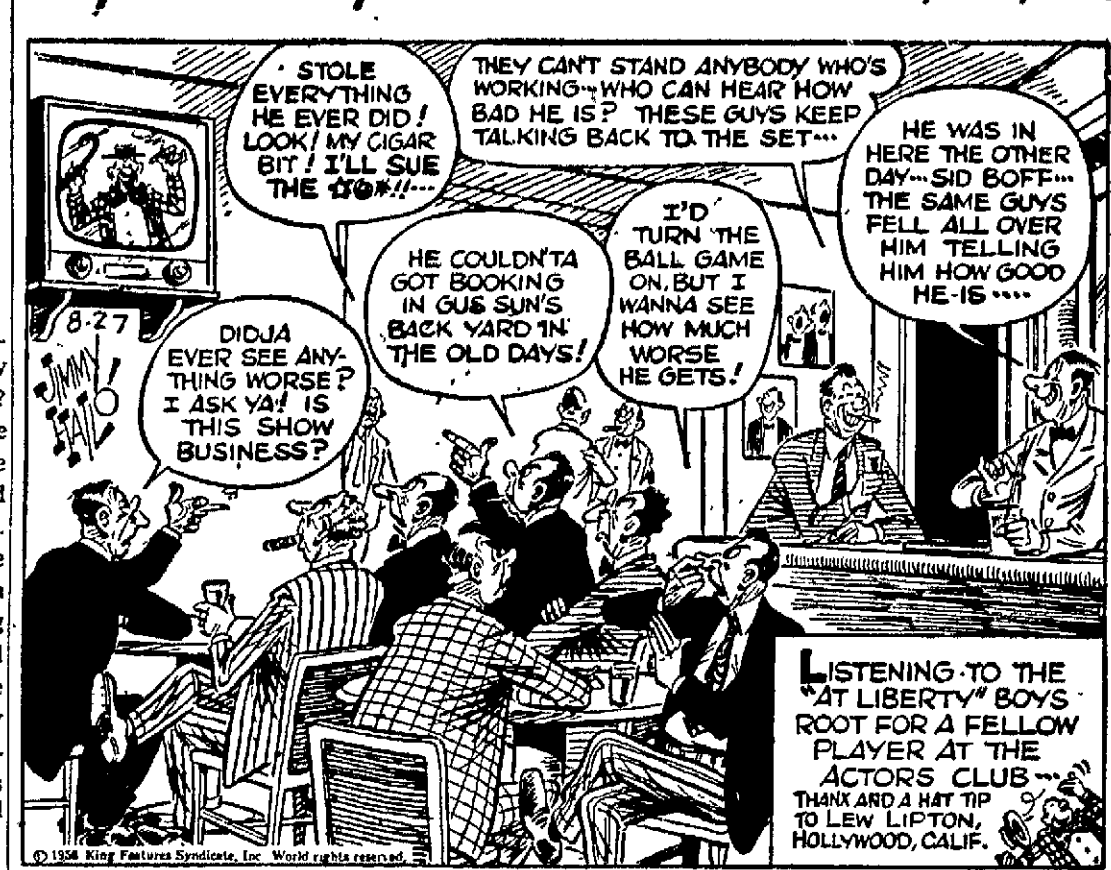

"Now my arm feels fine. My control has been good all year. I've been able to move the ball where I want this year. Actually, I feel I'm finally pitching the way I was a couple of years ago."

With 203 pitching victories tucked under his 6-2, 190-pound frame, Roberts said he wasn't shooting for any lifetime goal.

# Haney Makes Full Study of His Players

BY JOE REICHLER  
Milwaukee — "The most important thing in managing is to make a study of your men and play the type of ball they are capable of playing."

That's been Fred Haney's theory ever since he started managing. It has helped bring the Milwaukee Braves a second-place finish, a World Series triumph and a possible second National league pennant in three years.

"A manager today has to put to practice the things his players can do best," said Haney. "I like to hit-and-run to bunt, to squeeze. But I can't with this club. It's too slow."

Two Fast Ones  
"Eddie Mathews and Hank Aaron are the only ones I've got who are above average in speed. I've got a free-swinging club and there's nothing worse than free swingers when they're not hitting."

"Remember, we are receiving great pitching. That's the backbone of any club. Besides that, our fielding has been good. As far as hitting is concerned, we get enough runs to win."

Haney's relations with the Milwaukee press or players has never been buddy-buddy. Some think he is too conservative.

"I found out a long time ago that you can't please everyone," Haney said. "My theory is that it is 10 times worse to overmanage than to undermanage. You must develop initiative in the players by giving them leeway to think for themselves."

"I don't believe in going into a tantrum and raving when a sign is missed or a runner runs into a suicidal out. The player knows when he's made a mistake. I sometimes duck into the alley below the dugout to cool off. Then the next morning the player and I will have a talk."

"I don't think you can go high enough on morale. It's very important on a club. I believe in being fair. We have rules. Those rules pertain to everybody. If a bawling out is necessary, the big guy should be no different from the little guy. The players appreciate that."

Knowledge to Work  
Jerry put the golfing knowledge to work at Southern Hills Country club at Tulsa for a 1-stroke edge over Ed Tutwiler, West Virginia Amateur champ, who shot a 136 at Huntington, and Bill Deupree Jr. of Fort Mitchell, Ky., who matched it at Cincinnati. Both were 68-68.

Only five others got in under 140. Qualifying scores soared to 158 as 1,360 amateurs went after 157 berths available at 29 sites Tuesday. Seven had previously qualified at Seattle and Honolulu. Another 25, bringing the National Amateur field to 200, were exempt from qualifying.

The big test comes Sept. 8-13 at Olympic Country club's lake course in San Francisco. Defending champion Hillman Robbins is among the exempt group which includes members of the U. S., Canadian and Mexican Americas Cup teams and six others.

# Pittman Leads U. S. Amateur Qualifiers

Former National Caddy Champ Fires 7-Under Par 135  
By the Associated Press  
Jerry Pittman couldn't be blamed today if he felt like a caddy all over again. His 36 holes finished, he was still waiting for someone to tell him just how good he did.

The 21-year-old former national caddy champion posted a nifty 7-under-par 68-67-135 Tuesday to lead qualifiers for the U. S. Amateur Golf championships.

But today 99 late-starting Chicago area hopefuls went after the 11 remaining berths and a round that could take the national qualifying medal honors away from the Tulsa lad.

# Braves Shove Giants Into Third Place

Continued from Page D1  
is righthander Bob Buhl, scheduled to return to duty Monday. Arm trouble has kept him out since early in the season.

The home run ball made Milwaukee's victory easy Tuesday.

Mathews' twenty-sixth homer in the seventh broke a 3-3 tie. Del Crandall knocked his eighteenth, a 400-foot blast, over the fence in the eighth. Mathews returned in the ninth to get his twenty-seventh and Wes Covington poked his twenty-third a moment later.

The Braves opened the scoring with two runs in the first inning on doubles by "Red" Schoendienst, Hank Aaron and Covington who with Crandall and Burdette had three hits. Milwaukee got another in the fourth on Crandall's double and a sacrifice fly.

All of the Giant runs were scored on homers, Willie Kirkland hitting a solo shot in the fifth and Willie Mays a 2-run blast in the sixth.

Tonight, in the fourth meeting of the 5-game series, Juan Pizarro, 4-2, will oppose Johnny Antonelli, 14-10.

# Seek 'Touch of Dignity'

# Home of Braves Infected By Touch of Pennant Fever

Milwaukee — A touch of pennant fever has infected the home of the Milwaukee Braves and plans are in the making for a second World Series date with the New York Yankees.

The home of the world champions nearly popped its lid last year as its first title flag was run up, but this year things will be a bit more calm.

"It isn't as though it never happened to us before," said Ray Markey, chairman of the mayor's Civic Progress commission, Tuesday. "Since we're the world champions, maybe there should be just a slight touch of dignity in the arrangements."

With the Braves in front by eight games, and with only 29 more to play, Markey's 30-member committee will meet Sept. 10 to form plans for the pennant winning and series celebrations.

At County stadium, Braves' ticket director Bill Eberly said, "We're designing the tickets we'll use. But there's nothing we can do officially until the baseball commissioner calls his traditional meeting and authorizes the teams that have a chance to print tickets."

The meeting usually is held the second Monday in September.

If it's the Braves and the Yanks in the series, and tradition is followed, the first game will be played in Milwaukee Wednesday, Oct. 1.

# Craft Defends A's Latest Deal With Yankees

Says KC to Get Good Young Player For Dickson

BY ED CORRIGAN  
New York — (AP) — Manager Harry Craft of the Kansas City A's scowled.

He had been asked the same question dozens of times and it was beginning to grate on his nerves.

How long were the A's going to supply the New York Yankees with players?

"We'll keep dealing with them as long as we think it's helping us," he answered.

Last week, the A's dealt Murry Dickson, an aging pitcher, to the Yanks in another of a long series of deals.

"Dickson is an old pro," Craft explained patiently. "But he's getting old and we feel we're not going to win the pennant." The A's are 21 games behind the Yanks who beat them, 6-2, last night.

Trying to Build  
"So we're going to try to build up for next year. We're going to get a pretty good young player from the Yanks when the season is over. I have my pick from two or three. We'll get a good one, you can be sure of that."

As for the bartering with the Yanks, "Our dealings with them have been the backbone of our rebuilding program. We used many of the players we obtained from the Yanks in other deals and we're stronger for it."

Craft denied that there was any dissension on the club because he got rid of Dickson, a winning pitcher.

"The fans are annoyed," he admitted, "because Murry comes from Leavenworth, which is just 27 miles from Kansas City. But that's as far as it goes."

# Waupaca Comets Drill For Defense of Crown

Coach Haberkorn Starts Selection Of Varsity Squad

Waupaca — With its first week's practice behind them, Waupaca High school's football team begins contact work in the second week of practice as it prepares for defense of its Central Wisconsin conference title.

Coach LeRoy Haberkorn said Ken Rushford and Jim Danielsen, starters in the last six games last year appear to hold the end positions to start this season. Both are seniors.

Dick Green and Jerry Paulsen, both sophomores, are in the second spots at present, but are getting lively competition from Dick Brown who was transferred from the center and Gary Townsend. Other ends are Bob Knerr, a sophomore, and Frosh Jim Hamm and Dennis Hanson.

Paul Kopp returns to his starting tackle post and at the other spot is Alan Grenlie, both seniors. Grenlie is moving up from last year's third team.

A scramble for the second spots is being waged between junior Warner Webster, seniors Artie Hamm and Ronald Button, and sophomore Benny Batten. Other tackles are sophomore Bill Stunemates and freshmen Jerry Abrahamson, Danny Andrews and Tom Myrick.

Other Positions  
Tom Shambau, a senior, returns to his guard spot. Opposite Wayne Schroeder, a converted tackle and also a senior is at the other guard. Senior Spencer Martin and junior Monte Tetzlaff lead the field for the second spots. Junior Larry Harris, sophomores Jim Grant and Doug Johnson and freshmen LeRoy Ecklund, Sheldon Sheveland and Tom Hurley complete the guard roster.

Steve Hansen and LeRoy Robbins return as first and second string centers. The former is a junior and the latter a senior. Tom Dickinson, a sophomore, and Jerry Riske, a freshman are other centers. Brown can also be used here.

Seniors Russ Marciniak and Dan Ecklund are waging a battle for the right halfback spot, with the former ahead so far. Marciniak was a second string fullback last year. Others vying for recognition in this spot are juniors Kieth Winters and Larry Anderson, and Jim Larson, a freshman.

Vernon Johnson leads the field for the left halfback spot, with stiff competition from Gary Smith. Johnson is a junior and Smith a sophomore. Both may have to step down when Alan Larkee, a senior regular, reports. Gary Rohloff, a sophomore, and Nicky Moore, a frosh, are other left halfbacks.

Fullback senior Chuck Pufahl returns to his starting role and easily outdistances his competition. Out with an eye infection at present, Pufahl is expected to raise trouble with opposing lines this season. Gary Nielson, a sophomore, is holding down the second spot over senior Dave Edward and freshmen Dave Hansen and Roger Nielson.

The first four quarterbacks of last year return. Lettermen Dick Hendrickson and Tom Lewis are in the first and second spots respectively.

Sophomores Fred Thomack and Ken Winters are next in line. Terry Girard, a freshman, is the other quarterback candidate.

Three non-conference games open the schedule. Antigo furnishes the curtain raiser here on Sept. 5 and Nekoosa follows on Sept. 12. Kohler plays host on Sept. 19. Five conference games follow: Manawa at home for home-

# Guard Unit Plans Country Music Show at Waupaca

Waupaca — "Krossroads Kapers" is the title of a country music show which will be sponsored Sept. 5 by the Waupaca unit of the Red Arrow division of the National Guard.

Activities of the country musicmakers will begin at 12:30 in the afternoon with a parade to be followed by a free half-hour program in the court house bandshell.

The evening program will begin at 8 o'clock. The 2-hour show featuring music, singing and entertainment will be followed by another hour and a

half of dancing.

Funds from the show will be used by the guard for the purchase of recreation equipment, extra camp rations and other guard sponsored projects.

# New Industry to Locate Plant at New London Site

Firm Will Make Polyethylene Film; to Begin by January

New London — Curwood, Inc., a new industry which will manufacture polyethylene film used in packaging and construction industries, will locate at New London.

Howard Curler, 804 Eighth street, Menasha, corporation president, this morning said machines will be delivered and set up sometime in October. He expects the plant to be in operation by the first of the year.

The firm will specialize in making a new type of polyethylene film for overwrapping packages, but will make all types, Curler said. The firm will employ about four or five men at the start and more later on. It will locate in the former Breitung locker plant at 200 Lawrence street, which is owned by the First State bank.

Bank officials announced plans for the remodeling of the building to fit the needs of the new firm. Curler worked out the details of the building with officers of New London Industrial Opportunities, Inc.

Curler is presently with the process engineering department of Marathon corporation but will be leaving to move his family to New London.

# Works Board Approves Two Low Bidders

## Proposals for Fill, Sanitary Sewer to Be Offered to Council

Kaukauna — The board of public works of the common council voted to recommend to the council the acceptance of low bids on a sanitary sewer project for Garfield street and a gravel and fill project on a roadway between Lawe and Catherine street.

Low bid for the sewer project was submitted by Tenor brothers, bid being \$1,802.50. Two other contractors submitted proposals. The project calls for approximately 325-feet of 8-inch sanitary sewer, 17-feet of standard manholes, 12 "Y" branches and 55-feet of 6-inch house connections. The fill project consists of placing approximately 1,500 cubic yards of clay and 360 cubic yards of gravel on a roadway constructed between Lawe and Catherine streets. Winkler and Son was low bidder with a price of \$1,465.20 for the work.

### Other Business

In other action the board authorized the city engineer to draw a survey map of a small portion of property in the W. Seventh street and Brill road area, the land involved being located in the town of Buchanan.

Residents in the area will then be notified of a meeting date at which time the process involved in annexation proceedings will be discussed. Several residents of the area had approached city alderman regarding the possibility of annexation to the city.

The engineer was also authorized to make a survey preparatory to gaining an easement over property for the installation of a storm sewer in back of Bel Aire court.

# Tennis Matches In Girls Meet to End This Week

Kaukauna — All matches in the tennis tournament being sponsored by the recreation department for girls must be completed this week to permit winners to be crowned before the start of school, according to Elaine Warnecke, tournament manager.

Competition in the intermediate class has ended with Lindy Kemp winning over Darlene Anderson to take top honors. Darlene wins second place trophy and consolation honors went to Jeannie Carstens.

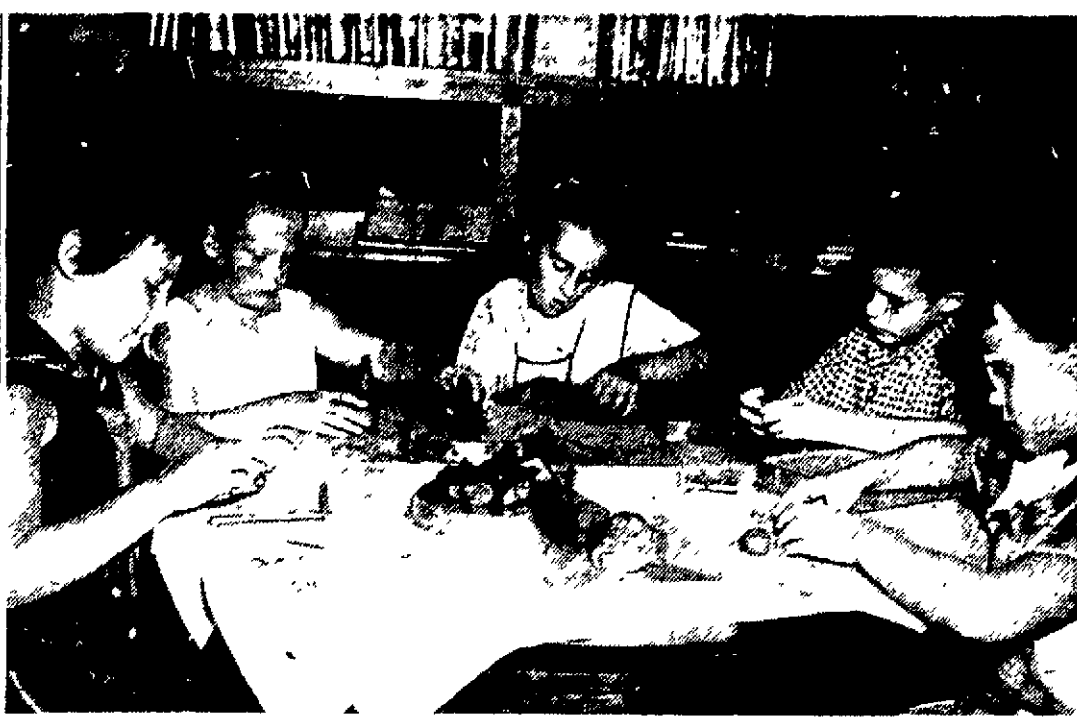

The junior competition has several key matches to be played as inclement weather and the inability of players to agree on game times has slowed down action considerably. Only five girls signed to compete in senior competition thus a round robin tournament will be held later this week to determine a champion.

# Girls Archery Winners Named

Kaukauna — The recreation department sponsored archery program for girls ended this week with a total of 29 participants taking part in the final tournament.

The number of participants was the largest since the activity was introduced two years ago as part of the summer program. Senior winner was Lindy Kemp, intermediate winner was Pamela Specht, and junior winner was Lynn Schneider.

The three winners took top honors in the final tournament picture. Team captains are as well as placed at the top of their divisions for weekly team members and check off honors throughout the summer, according to Elaine Warnecke, instructor.

Children Participating in the Summer art classes, sponsored by the recreation department in Kaukauna, are rapidly nearing the end of classes and have started work on making figures with clay. Shown are, left to right, Mary Lynn Haen, Linda Plutchak, Susan O'Connor, Charles Carr and Jacqueline Vander Pas.

# 49 Ghost Gridders Report for Drills

## Team Has Only Two Regulars Returning From 1957 Squad

Kaukauna — Coach Fred Barribeau of Kaukauna High school was greeted by 49 grid aspirants for initial practice. 20 of them boys who had not tried out for the team last year.

The crop includes 10 seniors, 20 juniors, 18 sophomores and one freshman who is trying out on a temporary basis. The list includes 10 letter winners but of this number only two gained letters as regulars. The Ghosts lost 18 players by graduation, including 11 who gained all-conference honors, one sophomore who was injured this summer and one junior who left the city to enlist in service.

### Grid Candidates

The only regulars returning are Gary Vanevenhoven, left halfback and captain elect, and Bill Britten, fullback. Both are seniors. Other seniors returning who earned letters are Terry Sharron, Roy Brownell and Tony Van Zeeland. Non-letter winning seniors back are Dennis Van Stiphout, Lance Goetzman, Dick Wolfinger, Norbert Penterman and Mark Nagan.

# Semi-Finals of Twilight Loop At FVGC Set

Kaukauna — The semi-final round of the Fox Valley Golf club Twilight league will be played Thursday evening with four teams still in the running for top honors while two have an outside chance to overtake the leaders.

Better Brothers, leaders since the third week of action, hold a slim 5-point lead over Geenen shopping. The latter started out in twelfth place and has climbed steadily since the first round. Quella foods holds third place, 31 points behind the leaders and Looker drugs hold fourth, 41 points behind the leaders.

Wiggie foods and Morgan both are over the 500 mark in points thus cannot be eliminated entirely from the title picture. Team captains are as well as placed at the top of their divisions for weekly team members and check off honors throughout the summer, according to Elaine Warnecke, instructor.

# Works Board Approves Two Low Bidders

## Proposals for Fill, Sanitary Sewer to Be Offered to Council

Kaukauna — The board of public works of the common council voted to recommend to the council the acceptance of low bids on a sanitary sewer project for Garfield street and a gravel and fill project on a roadway between Lawe and Catherine street.

Low bid for the sewer project was submitted by Tenor brothers, bid being \$1,802.50. Two other contractors submitted proposals. The project calls for approximately 325-feet of 8-inch sanitary sewer, 17-feet of standard manholes, 12 "Y" branches and 55-feet of 6-inch house connections.

The fill project consists of placing approximately 1,500 cubic yards of clay and 360 cubic yards of gravel on a roadway constructed between Lawe and Catherine streets. Winkler and Son was low bidder with a price of \$1,465.20 for the work.

**Other Business**  
In other action the board authorized the city engineer to draw a survey map of a small portion of property in the W. Seventh street and Brill road area, the land involved being located in the town of Buchanan.

Residents in the area will then be notified of a meeting date at which time the process involved in annexation proceedings will be discussed. Several residents of the area had approached city alderman regarding the possibility of annexation to the city.

The engineer was also authorized to make a survey preparatory to gaining an easement over property for the installation of a storm sewer in back of Bel Aire court.

## Tennis Matches In Girls Meet to End This Week

Kaukauna — All matches in the tennis tournament being sponsored by the recreation department for girls must be completed this week to permit winners to be crowned before the start of school, according to Elaine Warnecke, tournament manager.

Competition in the intermediate class has ended with Lindy Kemp winning over Darlene Anderson to take top honors. Darlene wins second place trophy and consolation honors went to Jeannie Carstens.

The junior competition has several key matches to be played as inclement weather and the inability of players to agree on game times has slowed down action considerably. Only five girls signed to compete in senior competition thus a round robin tournament will be held later this week to determine a champion.

## Girls Archery Winners Named

Kaukauna — The recreation department sponsored archery program for girls ended this week with a total of 29 participants taking part in the final tournament.

The number of participants was the largest since the activity was introduced two years ago as part of the summer program. Senior winner was Lindy Kemp, intermediate winner was Pamela Specht, and junior winner was Lynn Schneider.

The three winners took top honors in the final tournament picture. Team captains are as well as placed at the top reminded to post the scores of their divisions for weekly team members and check off honors throughout the summer, according to Elaine Warnecke, instructor.

## 49 Ghost Gridders Report for Drills

### Team Has Only Two Regulars Returning From 1957 Squad

Kaukauna — Coach Fred Barribeau of Kaukauna High school was greeted by 49 grid aspirants for initial practice 20 of them boys who had not tried out for the team last year.

The crop includes 10 seniors, 20 juniors, 13 sophomores and one freshman who is trying out on a temporary basis. The list includes 10 letter winners but of this number only two gained letters as regulars. The Ghosts lost 18 players by graduation, including 11 who gained all-conference honors, one sophomore who was injured this summer and one junior who left the city to enlist in service.

### Grid Candidates

The only regulars returning are Gary Vanevenhoven, left halfback and captain elect, and Bill Britten, fullback. Both are seniors. Other seniors returning who earned letters are Terry Sharron, Roy Brownell and Tony Van Zealand. Non-letter winning seniors back are Dennis Van Stiphout, Lance Goetzman, Dick Wolfinger, Norbert Penterman and Mark Nagan.

# Dates Set to Register for Grade School

All Youngsters at St. John's Must be Enrolled on Friday

Little Chute — Registration of all grade school students at St. John's Catholic school will be held from 9 to 12 o'clock Friday morning and from 2 o'clock until 4:30 in the afternoon at the grade school gym, according to Sister Annette, principal.

All students, whether they attended grade school last year or not, are required to be registered at Friday's session. Parents of students are asked to appear at the gym to register their children.

If a parent is unable to be present to sign up a child, the principal asks that a neighbor or some relative with authority take the place of the parent for registering. A fee of \$8 will be collected for each student enrolling regardless of the grade attending. Parents are asked to have the correct book fee when signing children for school.

Classes for grade school youngsters will get underway with a 7:50 mass on Sept. 3 after which the children will meet in class rooms for short sessions. The students will be dismissed about 10 o'clock in the morning but will return Thursday morning for a full day of school.
